WILSON STANDS BEHIND GARFIELD

Supports Administrator On 5 Day Closing Order

It Is Stated Officially That It Will Not be Revoked
And Within Three Weeks People Will Accept
It As Having Been Necessary. Move Creates
"Unfortunate Situation," It Is Admitted.

WILL ASSUME DIFFERENT ASPECT

Coal Cars Stalled Along Tracks
While Great Fuel Needs Are
Suffered Will be Delivered

CONGESTION TO BE SMASHED

Violent Opposition Comes From
Manner of Accomplishing—
Line of Least Resistance

(By United Press.)

Sweeping Modification Of Closing Orders Are Made By Administrator

Washington, Jan. 18. —
Sweeping modification of the
suspension order issued by Fuel
Administrator Garfield last
night was made today.

Many exemptions of indus-
tries affected by the order were
announced, including 23 steel
plants and various forms of
business. The latter included:
grain elevators, potato and vege-
table cold storage, all forms
of grain storage, grain and
seed, cereal products manufac-
turers, bakers, canners, milk
dealers, creameries, and all
other milk producing manufac-
turing, slaughter houses, ice
plants and refrigerators, whole-
sale commission and retail
trades, sugar manufacturers,
every sort of food handling or
manufacturing agencies and
binder twine companies.

State food administrators
are authorized to determine
what other industries are es-
sential to the uninterrupted
flow of food.

Washington, Jan. 18.—President
Wilson stands squarely behind
Administrator Garfield in enforce-
ment of his unprecedented suspen-
sion order effective today east of
the Mississippi. It stated officially
that the president will not revoke the
order and feels that within three weeks
the people of the country will accept
it as having been necessary. That
the move had created an "unfortu-
nate situation," is admitted, but
that things "will assume an entirely
different aspect soon," is predicted.
The administration bases its hope
for this on the following:

Ships loaded with supplies will be
on the move, loaded coal cars stalled
along tracks while great fuel
needs are suffered at many points
will be delivered to their destination.

Freight congestion at all terminals
and ports will be smashed. The way
will be cleared for industry after
the period of suspension order has
passed to resume normal operation.

That this may prove true is ad-
mitted by all, but the violent opposi-
tion comes against the manner of
accomplishing these things. Lead-
ers in congress, many of them sup-
porters of the administration and
government officials, declare Garfield
"sought the path of least resistance"
and avoided a business-like plan.

They insist that an order could
have been issued providing that coal
should be withheld from industry
until ships were provided with coal.
By this system firms having coal
could continue and a considerable

New Salem Takes The Lead In Forming Of Wood Chopping Bees

New Salem has taken the
lead in organizing wood chop-
ping bees which will become
popular throughout the county
with the critical condition of
the fuel situation and with men
of local industrial establish-
ments out of employment be-
cause of the five day closing
order of the national fuel ad-
ministration.

New Salem men meet each
night and organize for the next
day's work. Forty men
chopped wood all day yesterday
in the vicinity of New Salem
and equally as many were at
work today.

Employees of Case's planing
mill organized today to chop
wood and it is presumed that
other men thrown out of em-
ployment temporarily will avail
themselves of the opportunity
not only to get some free fuel
but to help the situation by in-
creasing the supply of fuel.

Howard Ewbank has 25 acres
of timber on the Ewbank farm
northeast of the city which is
free for the cutting and haul-
ing. Anyone wishing to cut the
timber should call him. Dr. W.
S. Coleman also has offered
wood free for the cutting and
hauling.

Columbus, Ind., attorneys
have organized under Ralph
Spaugh, well known here, and
are cutting wood and paying
for the hauling of it. The wood
is turned over to the Red Cross
for needy families.

ORDER DISREGARDED IN KNOX COUNTY, IND.

Fuel Administrator Locks Instruc-
tions, Declaring He Will Not
Enforce Them

PLENTY OF COAL HE STATES

(By United Press.)

Vincennes, Ind., Jan. 18.—Every
factory and manufacturing plant in
Knox county was operating full
force today in opposition to the
orders issued by the federal fuel ad-
ministration.

J. H. Jones county fuel adminis-
trator declared that he would not
close the factories, locking up the
orders and following the action of
the United States senate yesterday
in asking Garfield to hold up the
order for five days.

Continued on Page 2.

Violators Responsible To Federal Government

(By United Press.)

Indianapolis, Ind., Jan. 18.—"Any
one who violates the federal order
closing factories will be held re-
sponsible by the federal government.
The order from Washington is the
ruling one."

This was the comment of Evans
Woollen state fuel administrator to-
day on failure of Knox county fac-
tories to close.

ONE SESSION DAY AT CITY SCHOOLS

Latest Fuel Conservation Measure
Decided Upon by School Board
at Meeting Yesterday.

FROM 8 O'CLOCK UNTIL 1:15

Plenty of Coal in Buildings But
Move is Made to Conserve Fuel
And Electric Lights.

To have one school session a day
and that session lengthened from
eight in the morning until 1:15 in the
afternoon, was the plan adopted by
the school board at the meeting last
evening as a fuel conservation mea-
sure. The move will conserve electric
light, coal and practically no time
will be lost. Coal will not be deliv-
ered to schools during this emergen-
cy and although a goodly supply is
on hands, the authorities are looking
into the future in making these
plans.

Three purposes are cited by Sup-
erintendent J. H. Scholl in making
the change in schedule: To conserve
fuel; to conserve the health and ed-
ucation of the pupils; and to unite in
the effort to win the war.

Even though many of the homes
are not well heated during this
weather, the schools during the time
the pupils are there are well heated
and ventilated and the children are
insured of having an advantage in
this way. The pupils are urged by
the school authorities to use a part
of the afternoon in studying, to re-
tire early in order that they may rise
for a hearty breakfast, reach school
at the earlier opening hour and be
fully prepared for the longer session.
Parents as well as children are ur-
ged to co-operate in this emergency in
making the new move a success.

TEMPERATURE IS 15 DEGREES LOWER

Big Drop in Mercury Last Night as
Compared to Night Before—
Farmers Brave Cold

MANY DRIVE TO CITY TODAY

Despite a drop of fifteen degrees
in the mercury today as compared
with the temperature reported yester-
day by Elwood Kirkwood, county
weather observer, at Mauzy, scores
of farmers visited the city and spent
most of the day here.

The hitchhacks were filled with
heavily blanketed horses and closed
buggies in the morning and at noon.
Machines had ventured out and had
successfully traversed the country
roads which had been in such bad
conditions earlier in the week.

At four o'clock this morning the
mercury stood at ten degrees below
which was fifteen degrees colder
than it registered yesterday at the
same time. At noon today the tem-
perature had climbed to seven
above, which was twelve degrees
lower than yesterday's temperature
at the same time.

With the weather predictions in-
dicating "generally fair and contin-
ued cold" for tonight Rush county
residents have not yet begun to
think of discharging the furnace
keeper.

Two Trains Taken Off C. I. & W. Railroad By Asst. Director-General

The passenger train service
in this city is already feeling
the effects of the fuel measures
and by orders of the assistant
director-general of the rail-
roads two trains have already
been taken off the C. I. & W.
road through this city. The or-
der went into effect today.

The passenger train going
west at 10:51 a. m. and the
passenger east at 3:30 p. m.
have been taken off temporarily.
The railroad officials made it
plain in the order, however, that
the "curtailing of" passenger
mileage during the partial in-
dustrial suspension" is only
temporary.

L. C. Snodgrass, local agent,
stated today that he expects
the trains to be discontinued for
only a short time. It may be
that they are a part of the five
day conservation order, but it
is also possible that they may
be discontinued for a few
weeks. Trains twelve and thir-
teen between Indianapolis and
Springfield are the only other
trains affected on that road in
this division.

TRAIN SERVICE IMPROVES SLOWLY

Schedules Resumed on Some Roads
And Only Partially on Others
Here

ONLY TWO CHICAGO TRAINS

Coal, Perishable Foods and Govern-
ment Supplies Rushed Through
on Freights

All of the railroad lines going
through Rushville have practically
recovered from the big storm of last
Friday and Saturday and have par-
tially if not completely resumed
their schedules, although many of
the trains are running late.

Tuesday was the first day that
railway conditions here were any-
thing like normal. On that day the
first Chicago train reached the city
for three days time. The Chicago
train schedule is still somewhat
modified. The only trains leaving
here for that city are those at 12
o'clock midnight and the 2:50 after-
noon train. The others have been
annulled because of the shortage of
engines on the Monon.

The trains which were formerly
Chicago bound go only as far as
Indianapolis now with the exception
of these two. The 10:50 morning
westbound train on the C. I. & W.
goes only to Indianapolis and the
eastbound 3:30 train starts at In-
dianapolis instead of Chicago. These
rules will be observed by the C. I. &
W. until January 22 or 23.

Before the blizzard, several trains
were taken off of the Big Four di-
vision going through this city leaving
only two trains, one each way daily.
These trains have resumed their
runs now and are running about on
time. The two freights passing here
at 9:52 a. m. have been running very
late. They also carry passenger
coaches.

All of the Pennsylvania trains are
running although they are late,
varying in the lateness, some going
two and three hours behind time.
The storm has also affected the
traction line schedule. There is some
variance in the two hour local
schedule and some times the cars go
each way every four hours instead
of two. All of the drifts have been
cleared on the traction lines.

Many freights are being rushed

Continued on Page 6

TRABUE TURNS ATTENTION TO PROFITEERING IN COAL

City Deserted Village After 5 in Evening

Shortly after five o'clock last
night the downtown district of
Rushville took on the appear-
ance of the proverbial deserted
village as the closing orders of
the fuel administration had gone
generally into effect.

The authorities had no trou-
ble in enforcing the rule and
shortly after five o'clock all of
the stores coming under the five
o'clock closing rule were dark,
in fact the entire town with the
exception of the picture shows
was in darkness after eight
o'clock when the barber shops
closed.

As far as the night life was
concerned it was the sort of an
occasion when the frequenters
of the town found they were all
dressed up with no place to go
so after taking in the situation
at a glance there was nothing
for one to do but to surprise the
family circle by returning home
before midnight.

The pleasure of buying a
friend a cigar or a soda was
denied as the cigar stores and
candy kitchens were included in
the five o'clock ruling. Most of
the people rather enjoyed the
situation however, and there
was much laughing and joking
on the streets when closing hour
arrived.

Gatherings in the candy kit-
chens tried to forget the closing
hour and when the time arrived
"sat tight" and tried to order
drinks in a casual manner as if
they were attempting to make
the managers forget, for a while
at least, the order. The lights
were put out at once however
sending the "social gatherings"
hurrying into the street.

DYNAMITE IS FOUND IN A CATTLE BARN

Three Sticks With Fuses Attached
Discovered on Hill Bros. Farm
Near Carthage

BARELY MISSES STRAW HOOK

Three sticks of dynamite with
fuses attached were discovered a
few days ago in the cattle barn on
the Hill brothers farm in Ripley
township, northeast of Carthage,
where Frank Hensley resides.

The dynamite was discovered by
Mr. Hensley and Emerson Hartwell
who also resides in that vicinity, as
they were removing a quantity of
baled straw from the barn. The
straw hook which they were using to
separate the bales missed the ex-
plosive only a few inches.

Mr. Hensley was unable to give
an explanation for the presence of
the dynamite in the loft. It is be-
lieved, however, that it was stored
there only temporarily by outside
parties.

RUSS PROPOSALS DENIED

London, Jan. 18.—Messages re-
ceived from Berlin asserted that the
central powers peace delegates at
Brest-Litovsk had notified the Rus-
sians that the Russian proposals as
to occupied territory were inaccept-
able.

County Fuel Administrator Finds
Man Who Paid 16 Cents a Hun-
dred and Sold it For 50

PRACTICE MUST BE STOPPED

Any Others Violating Law in This
Manner Will be Prosecuted—
Four Cars of Coal Today

IS STILL A HEAVY DEMAND

Uncertainty About Closing Orders
Cleared by State Administra-
tion Interpretation

With profiteering by drivers haul-
ing coal to families in distress dis-
posed of, S. L. Trabue, county fuel
administrator, today turned his at-
tention to profiteering of individuals
who take advantage of the present
emergency to buy coal and sell it in
small lots at a large profit.

A case of this sort was called to
his attention. A Jersey City man
bought 500 pounds of coal out of
the twenty tons confiscated from the
city, for 16 cents a hundred pounds
and sold it to neighbors in Jersey
City for 50 cents a hundred, thus
making a profit of 34 cents a hun-
dred pounds. He sold 400 pounds of
what he bought.

The matter, was reported to the
Daily Republican and it was refer-
red to the fuel administrator. Mr.
Trabue issued a summons for the
man selling the coal to appear yes-
terday, but he did not show up until
this morning. Mr. Trabue explained
that his act was a violation of the
Lever act, which might be punished
by a fine of \$5,000 and imprisonment
on proof of guilt. The man evident-
ly unwittingly violated the law and
he was allowed to go without
charges being preferred.

"I do not propose," said the fuel
administrator today, "that anyone
shall take advantage of this emer-
gency for personal gain."

Which means that anyone else
violating the law will be summarily
dealt with. Violations of this law
go before the United States district
court in Indianapolis. The fuel ad-
ministrator yesterday fixed a sche-
dule of maximum prices for hauling
coal and made it plain there would
be prosecutions if they were vio-
lated.

There were four cars of coal being
unloaded in Rushville today. Two
were received by J. P. Frazee, one
by Will Trennepohl and one by the
Pinnell-Tompkins company. This
company sold a part of the load to
domestic consumers because the
plant is idle due to the five day clos-
ing order.

"It will take five or six more cars
to relieve the domestic consumers,"
the fuel administrator said today,
just when it was thought the most
of the demand from householders
was supplied. The difficulty lies in
the fact that the weather continues
so cold consumers soon burn the
small amount they get and have to
return for more. The fuel adminis-
trator's orders were that sales still
be restricted to 1,000 pounds.

The county fuel administrator has
taken up with the state fuel admin-
istration the question of the indus-
tries closed by the order of the na-
tional fuel administration and has
been informed that laundries and
dry cleaning establishments are not
regarded as industries but as retail-
er establishments which must abide
by the Monday holiday order. The
Twentieth Century Dry Cleaners and
Pressers announced last night they

PUBLIC SALE

I, the undersigned, will sell at public auction, at my residence, six miles
south of Rushville, five miles northeast of Milroy, four miles southwest of
New Salem, on what is known as the George Hasty farm, on

THURSDAY, JANUARY 24, 1918,
SALE TO COMMENCE AT 10:00 A. M.

One Span of Coming Yearling Mules
1 Coming 3-Year-Old General Purpose Gelding
25 Head of Shorthorn Cattle 25

Consisting of 4 head of fresh Shorthorn cows, with calves at side; two
heavy springing Shorthorn cows, due by date of sale; 1 Shorthorn cow,
due to be fresh later. The above named cows are, we think, as good a
bunch of Shorthorn milch cows as you will have an opportunity to buy—
the kind that will improve your stock. 10 head of coming yearling Short-
horn and Black Poll Angus heifers, an extra nice bunch; 5 head of coming
yearling steers.

9 Head of Jersey Cattle 9

Two fresh Jersey cows and two that will be fresh by date of sale; 3 head
of bred Jersey heifers, and two head of calves.

ONE SHORTHORN BULL, old enough for service.

53 Head of Hogs 53

Three head of brood sows, due to farrow in March; 50 head of early Fall
shoots, weighing 60 pounds or better.

1500 BUSHELS CORN IN CRIB—To be sold in lots to suit purchaser.
30 BUSHELS OF EXTRA NICE YELLOW DENT SEED CORN that has
been put up in good shape and out of the freeze.

MISCELLANEOUS ARTICLES—Consisting of one break cart, 1 carriage
and a few other articles.

TERMS OF SALE—On all sums of \$10.00 dollars and under cash on day of
sale; on above that amount, a credit without interest until September 1,
1918, will be given, purchaser to execute note that meets with the approval
of the clerk. A discount of 4% will be given for cash. Positively nothing
to be removed until terms are complied with.

SALE WILL BE HELD UNDER TENT REGARDLESS OF WEATHER.

CHARLES HASTY

MILLER & COMPTON, Auctioneers. EDGAR THOMAS, Clerk.

LUNCH SERVED AT NOON.

PUBLIC SALE

The undersigned will sell at Public Auction, at the Smalley Livery Barn,
on East Second street, Rushville, Indiana, on

SATURDAY, JANUARY 26, 1918
SALE COMMENCES AT 10:30 A. M. SHARP

3 Head of Horses 3

1 grey draft mare, 4 years old, heavy in foal by draft horse; one roan draft
mare, coming 2 years old, the prospect of a real draft worker; 1 sorrel
two-year-old colt.

25 Head of Cattle 25

Two Fresh Holstein cows, registered; other fresh cows and heavy spring-
ers; spring calves; 1 white Shorthorn bull; 1 roan Shorthorn bull; 4 red
Shorthorn bulls, all coming yearlings; 1 Jersey bull.

70 Head of Hogs 70

8 Big Type Poland China gilts, eligible to register and bred to registered
hog; 1 Big Type Spotted Poland China sow, two years old, registered and
bred to registered hog; 20 yearling Duroc sows; 40 Duroc gilts; these sows
will farrow in February, March and April; 1 two-year-old Duroc boar; 1
yearling Duroc boar. All above described hogs are double immuned.

150 — Bales of Straw 150

2 tons of extra good baled Timothy Hay.

TERMS—All sums of \$25.00 and under cash; over \$25.00 a credit until
December 25, 1918, without interest, purchaser required to give a good
bankable note. 4% off for cash.

MILLER, BUTTON and COMPTON, Auctioneers.

PAUL ROOT PICKED FOR TRAINING CAMP

One of Three to Pass Examination
For Officers Course at Camp
Lee, Virginia

HE FORMERLY RESIDED HERE

The honor which has come to Paul
Root, son of Mr. and Mrs. W. D.
Root formerly of this city and now
of Piqua, Ohio, is of interest to his
friends here. Shortly after enlisting
in an ambulance corps, he was made
sergeant of his company and recent-
ly he was chosen as one of the five
men of his company who were as-
signed to take officers' training at
Camp Lee, Virginia. Of the five men
who were assigned, three passed the
physical examination, Sergeant Root
being one of the men.

He enlisted in the service several
months ago and is making rapid
strides in army life. First he was
stationed at Columbus, Ohio, then at
Fort Oglethorpe, Georgia and now
at Camp Lee, where he is with Com-
pany I of the officers training camp.

CENTRAL COMMITTEE TO PICK NEW MEMBERS

Republicans Will Name Two New
Committeemen to Succeed Mem-
bers Who Have Resigned

ONE CONSCRIPTION AGENT

(By United Press.)
Indianapolis, Ind., Jan. 18.—The
republican state central committee
will have two new members within a
few weeks, it was announced today.
The men will be elected to succeed
Robert Blatzell, Princeton, who is
now a major and serving as state
conscription officer and W. A.
Roach of Delphi, who has assumed
the office of secretary of state, suc-
ceeding Ed Jackson.

Blatzell was the member of the
committee from the first district and
Roach represented the ninth.

Frank Wilson, a banker of Evans-
ville will probably be given the
job which Blatzell formerly held.
John S. Shanklin of Frankfort is
mentioned as a successor for Roach.

ORDER IS DISREGARDED IN KNOX COUNTY, IND.

Continued From Page 1
Jones is president of the National
Rolling mills which were operating
as usual.

"We have plenty of coal here and
I see no reason why we should not
continue," he said.

Among the plants in operation
were: Blackford Glass Co., Vincen-
nes bridge works and the Marsh
Manufacturing company.

FUEL ORDER FOLLOWED GENERALLY IN STATE

Knox County is Only Exception
Where Industries Are Not
Closed, It is Reported.

AMUSEMENT ORDER HELD UP

(By United Press.)
Indianapolis, Ind., Jan. 18.—Gen-
eral compliance with the fuel ad-
ministration orders, closing factories
was reported from over Indiana to-
day with the exception of Knox.
Few companies will pay the men for
the time.

The Muncie Gear Co., employing
500 men, announced that their em-
ployes' wages would go on as usual.
Closing orders for saloons, thea-
ters, bowling alleys and the like were
rescinded today following protests
of business men.

BATTLE IN STREETS

Petrograd, Jan. 18.—A battle in
the streets of Odessa on Tuesday
with casualties was reported in dis-
patches received here. The leader
of the red guard was said to have
been mortally wounded. The battle-
ship Sinop opened fire on the rebels.
Latest dispatches do not make it
clear whether the Ukrainians hold
the arsenal or other important
points.

A complete line of Marinello goods
have arrived. Ethel Horrall. 26412. (Adv.)

COMPANIES AUSTRIAN TROOPS ORDERED SHOT

Petrograd Reports Say This is Pun-
ishment For Sympathizing With
Russ Socialists.

DISAFFECTION AMONG HUNS

(By United Press.)
Petrograd, Jan. 18.—Full com-
panies of Austrian troops have been
ordered shot for sympathizing with
Russian socialists, according to re-
ports reaching here.

Many units on the Italian front
have been ordered executed for re-
fusing to obey officers.

Disaffection against the military
masters is spreading among German
troops also.

ENGLISH MUST RECRUIT

London, Jan. 18.—The Russian
withdrawal from the war released
1,600,000 Germans for use on the
western front, according to Brig.
Gen. Geddes, minister of national
service in a statement to house of
commons.

"It is necessary for Briton to re-
cruit forthwith 450,000 men from
civil life," the minister added. "It
has been decided not to introduce
compulsory service into Ireland."

Watch Your Kidneys

Inhaling the fumes of turpentine
and white lead often weakens the
kidneys. That's one reason why so
many painters have bad backs and
sick kidneys. Exposure and fre-
quent colds and chills help start the
trouble.

If your back aches, if sharp pains
strike you in the back when stoop-
ing, lifting or working; if you have
headaches, dizziness, rheumatic
pains; if the urine is discolored or
passages painful and scanty, try
Doan's Kidney Pills, the remedy so
widely used and so well recom-
mended by men in the painting trade.
Here's Rushville testimony:

Charley Walker, 1023 N. Arthur
St., says: "I work where a lot of
turpentine is used and the fumes got
my kidneys out of order. My back
gave me the most trouble and was
achy and lame and stiff. The kidney
secretions were too frequent in pas-
sage and highly colored. I decided
to try Doan's Kidney Pills and got
a box at Pitman and Wilson's Drug
Store. They surely helped me and
gave me quick relief. I have a lot
of faith in Doan's Kidney Pills and
shall use them again if I need a
kidney medicine."

Price 60c. at all dealers. Don't
simply ask for a kidney remedy—
get Doan's Kidney Pills—the same
that Mr. Walker had. Foster-Mil-
burn Co., Mfgs., Buffalo, N. Y.—
(Adv.)

CHILDREN NEED FOOD—NOT ALCOHOL

How careless it is to accept alcoholic medicine for
children when everybody knows that their whole health
and growth depends upon correct **nourishment**. If
your children are pale, listless, underweight or puny, they
absolutely need the special, concentrated food that only

SCOTT'S EMULSION

gives, to improve their nutrition and repair waste caused by
youthful activity. During school term all children should
be given **Scott's Emulsion** because it benefits their
blood, sharpens their appetite and rebuilds their
strength by sheer force of its great nourishing power.

MAY LIMIT USE OF OIL

Congress Urged to Take Drastic Measures During War

(By United Press.)

Washington, Jan. 18.—Congress may take drastic steps to restrict the use of motor cars during the war to conserve oil.

Senator Kenyon, member of the committee investigating fuel, declared the use of pleasure cars during the war should not be allowed. Great Britain has found it cannot keep its motor cars going and at the same time fill the oil needs of its navy, he said, adding that, unlike the condition in this country, automobiles are never seen in front of theatres in London and other cities.

JOHN B. M'CARTY DIES
AT HOME HERE TODAY

After Stroke of Paralysis Passes Away at Age of 72 Years—Five Children and Widow Survive

FUNERAL BY REV. L. E. BROWN

After a short illness, John B. McCarty died at his home in West Tenth street this morning. Mr. McCarty had suffered from a severe stroke of paralysis yesterday morning and had been in a critical condition since that time. He would have been 72 years of age in April. Mr. McCarty was born in Warrington. Twenty-two years ago he moved to the family homestead in this county where he lived until 12 years ago when he moved to this city. He was a member of the Christian church.

He is survived by a widow, three sons, Greely P. McCarty of this city, Ithamer McCarty of northeast of the city, Carl McCarty of Dunreith, two daughters, Mrs. Ida Brooks of Greenfield, and Mrs. Pearl Bell of this city, one brother, Benjamin McCarty of Washington, and two sisters, Mrs. Nancy Wischert, and Mrs. Sallie Richmond. The funeral services will be conducted on Sunday afternoon at 2 o'clock by the Rev. L. E. Brown of Connersville.

Friends may call at the residence after noon Saturday to view the remains.

Days Pickings

Rue Mahin has filed a claim against the estate of Nancy A. Mahin in circuit court for \$3,510.50.

The meeting of the Mahoning Council, number 36, which was to have been held this evening has been postponed on account of the fuel shortage.

Miss Alma Green has accepted a position as assistant librarian at the public library in the absence of Mrs. Wendell Wilkie, formerly Miss Edith Wilk.

Frank Dixon is somewhat improved today after having suffered what was believed to be a slight stroke of paralysis, yesterday. He is still quite ill.

Ora M. Gray of Co. C, 334th. infantry, stationed at Camp Taylor, Louisville, has been transferred to the finance department of the quartermaster corps.

The funeral services of Frank Stiffler will be conducted at the late residence in South Pearl street on Sunday afternoon at 2 o'clock, the Rev. C. S. Black officiating.

A marriage license has been issued to Miss Hazel Stoops, daughter of Mr. and Mrs. David H. Stoops of this city and William R. Westerman, a bookkeeper of Connersville.

A patron of a New Salem rural route writes that Charles Wamsley is the only rural mail carrier in the county who delivered his mail every

day during the cold weather. He drove a horse all the time.

Two valuable Belgian hare rabbits were taken from Ed Gantner's home last night and their return is urgently requested. They were in a box back of his house and evidently did not stray away, but were taken.

On hearing the petition of Philander Witters that Perry Innis be released as his guardian, Judge Sparks has ruled in circuit court that Witters is a person of sound mind and the guardian is ordered to make a final report by January 23.

Lieutenant Edwin Watson, son of Senator and Mrs. James E. Watson, who has been stationed recently with the 45th regular infantry at Camp Taylor, Ky., has been transferred to the aviation section of the signal corps and is now on his way to Portland, Oregon where he will be in training, according to word received here today. Lieut. Watson was first at Fort Leavenworth, Kan., and later sent to Camp Taylor.

ONE SESSION A DAY
AT THE CITY SCHOOLS

Continued From Page 1

The school authorities point out, in urging the pupils to attend all sessions, that if they were home there is very little work that can be done, but they should make the most of the present opportunities so that they can plan for active agricultural and gardening work in the summer.

Superintendent Scholl, in speaking of the situation and the willing cooperation of the schools in the crisis

has quoted Dr. P. P. Claxton, U. S. Commissioner of Education who said: "The best patriotism consists in the best education for all of the children, now as never before. If we are to learn from the example of the other nations at war, we will see to it that there is no interruption whatsoever in the provision for education."

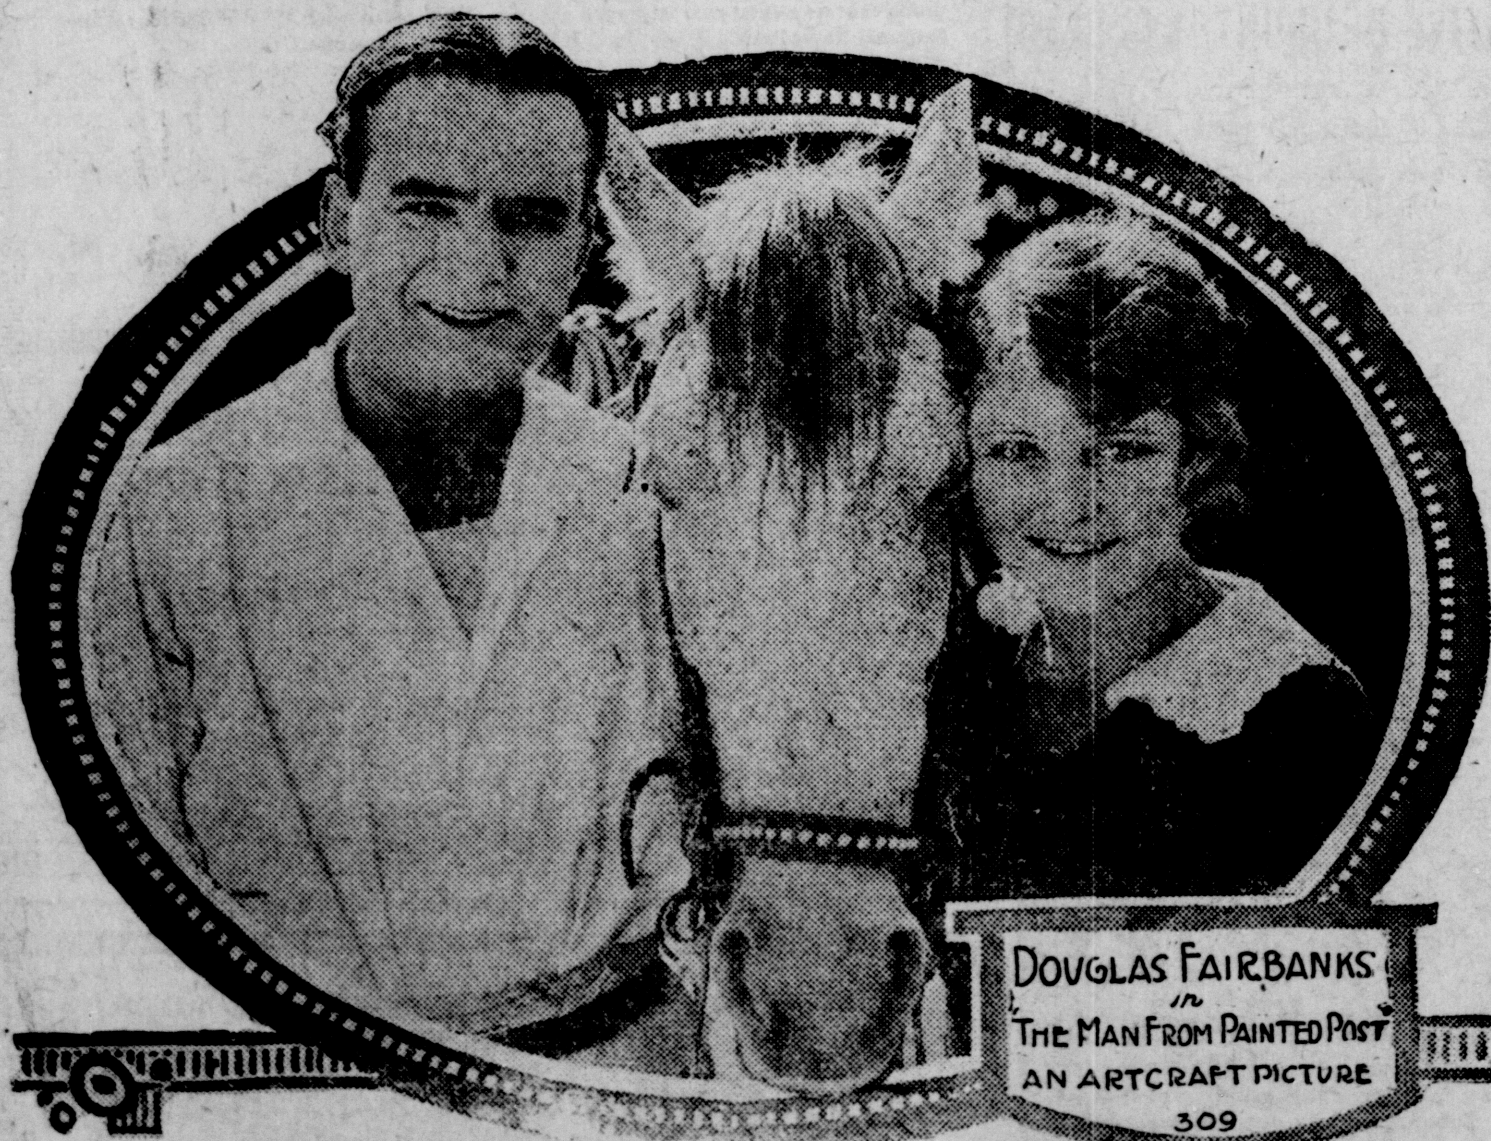

It is very fortunate that the schools have plenty of coal on hands. This is due to the fact that the buildings were supplied with fuel early last season.

—Ora Bundy has returned to the training camp at Petersburg, Va., after a short visit with his parents, Mr. and Mrs. Amassa Bundy who live in the northern part of the county. Mr. Bundy is attending the officers training camp for engineers.

STOP CATARRH! OPEN
NOSTRILS AND HEAD.

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.
Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing, no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

Don't Send Soldiers Food

For the sake of conserving food and contributing to the health of enlisted men, the war department and the Council of National Defense are appealing to civilians to desist from the wasteful practice of sending food to men in training camps. The Indiana State Council of Defense, in this connection, is asked to give publicity to the following resolution adopted by the Council of National Defense, on the subject:

"The Council of National Defense desires to inform the people of the country that abundant food is supplied to the soldiers and sailors in the camps and cantonments, and that the sending of food to these men by their friends and families is not in any respect necessary; that the aggregate quantity of food thus privately sent is enormous, and that much of it, having been conveyed long distances in heated express or mail cars, is more or less spoiled, and consequently injurious to the health of the men. Therefore, in the interest of the conservation of food and also the health of the men, the Council of National Defense requests the public to discontinue the sending of foodstuffs to the camps."

Fuel Prices Held Down

The coal situation in Indiana during the last week has been such as suggests the wisdom of having a federal fuel administration. It is generally conceded, in Indianapolis, that when the blizzard was at its worst, if there had been no restraints on the coal industry, retail coal would have sold at from twenty to twenty-five dollars a ton. There would have been the wildest bidding for coal and the scant supply, instead of being allotted in such a way as meets the real needs, would have been grabbed by the fellow who had the most money.

Under the fuel administration not only was there no increase in the price of coal, but the supply was distributed according to the real needs of the homes. Again, if it had not been for the fuel administration and its power to divert coal in an emergency, one of the largest utilities in Indianapolis would have had to close down just when the city needed it the most.

The blizzard in Indiana proves to be the most convincing argument in favor of government regulation of the coal industry in a time of stress.

Charles Eisenman, chairman of the supply committee of the Council of National Defense, intimates that he will resign that position "as soon as it is consistent with due regard to the safety of the nation." If that is the only consideration, Mr. Eisenman need not stand upon the order of his going, but may go at once. The nation managed to get on fairly well before Mr. Eisenman became chairman of the supply committee and before he gave his impudent testimony before the Senate committee on military affairs. The nation probably will exist even if he should resign instantly.

Germany's chief occupation these days is coaching the Russian bear in the correct form of that proposed "scrap of paper."

HOPES TO BE KNOWN AS COUNTY CORN KING

Twenty Stocks From 20 Grains of Seed Corn Planted in His Office His Record

PLANTED THREE WEEKS AGO

Twenty stalks from twenty grains of seed corn is a record which George Young is enjoying and by which he secretly hopes to be proclaimed corn king of Rush county when harvest time rolls around next summer.

True, some of the stalks are only eight inches high while others are just beginning to peep through the soil but nevertheless, Mr. Young declares this is sufficient proof of the excellent quality of corn from which the seed test was made. The tips of green at present are in Mr. Young's law office where he planted them three weeks ago in a cigar box.

SCHOOL STUDENTS IN EXCELLENT HEALTH

Cold Weather and Lack of Fuel Has Failed to Injure Health of Younger Population

EXTRA AMOUNT OF WORK

The cold weather and the lack of fuel in many homes of the city has failed to injure in any manner the health of the younger population of the city, at least.

The school authorities report a better attendance now than at any time during the school year and state also that the health of the students as a whole has apparently never been better. The extra amount of work thrust on the pupils in an endeavor to get the time which was lost during the diphtheria epidemic made up, is carried easily and the officials believe that the main reason for this is the excellent physical condition of the students.

WOOD ON FARMS OFFERED

Dr. W. S. Coleman and Howard Ewbank Have Timber to Give Away

Howard Ewbank reports that he has plenty of wood on his farm northeast of the city which may be had for the cutting and hauling. He has twenty-five acres of timber to clear, enough to supply every home in Rushville with fuel.

Dr. W. S. Coleman also has timber on his farm which he will give away for the cutting and hauling. Persons wanting the wood for fuel may call either of these men and make arrangements to get it.

NATIVE OF COUNTRY IS DEAD

Mrs. Elizabeth Ruddell Expires at Her Home in Kokomo

Mrs. Elizabeth Ruddell, age 92, years, a native of this county, is dead at her home in Kokomo. She was born in this county September 13, 1825. Mrs. Ruddell had been a resident of Kokomo thirty-five years and was the widow of George Ruddell, for many years a business man at Wabash, Ind. Of four children born to her, Richard Ruddell, president of the Citizens National bank of Kokomo, is the only one surviving.

Mothers Thank Us

Keep your growing girls free from colds and weakening coughs and you are helping them to healthy vigorous womanhood. Thousands of mothers have written letters of thanks, telling what

Foley's Honey and Tar has done for their daughters in ridding them of coughs that "hung on" and weakened them just at the age when the young girls required all the physical strength they could command.

Foley's Honey and Tar is noted for its quick effect on coughs, colds and croup. Mrs. Ada Sanders, Cottontown, Tenn., writes: "We use Foley's Honey and Tar as our best and only cough remedy. It never fails to cure our two girls when they have colds." F. B. Johnson.

Effective Horse Power

Perhaps you don't know that your horse is losing a large per cent of his power through poor harness. It's a fact though. Broken harness often causes runaways, and they often result fatally to the driver or animal. We have employed BOB WILLIAMSON, who is an expert harness man in every respect and can take care of any kind of repairing on your harness that is necessary. Harness is going to be higher and we would advise you to bring in your old harness and have it repaired and oiled at once.

OLDEST RURAL CARRIER QUILTS

George Aultman, Last G. A. R. Man in the Service, Resigns After 18 Years in Harness

SERVES UNDER 5 POSTMASTER

Roads Are Still in Bad Condition and Carriers Undergo Many Hardships

George T. Aultman, who has been engaged at the local postoffice longer than any other employee and who claims to be the last G. A. R. man in the rural route service, has resigned his position here, the resignation to go into effect immediately. He had been in the service for 18 years and 5 months, having during that time been assigned to three different routes. Recently, he has gone northwest of the city, before that time he went southwest and he started on the west rural route. Mr. Aultman served under five postmasters, Ad Spivey, Homer Havens, Ben McFarlan, Charles Frazee and G. P. Hunt. John Hiner holds the honor of having been in the service for the longest period of any employee next to Mr. Aultman. He has served there fourteen years. Roll Richey is temporarily filling the vacancy made by Mr. Aultman, the appointment for the position to be announced later. Mr. Aultman has given efficient service during the 18 years which he has served the government.

Conditions on the roads are worse now than they have been during any of the time that Mr. Aultman has served, he states. Yesterday it took men 7 hours to make their routes. When usually, they can be covered in the hours time. Snow banks as high as eight feet impair the roads.

Near the John Beale farm northwest of the city, a narrow passageway has been cut through an eight foot bank to allow machines and buggies to pass through. The snow is so deep on all of the roads that most of the rural route men yesterday had to run their machines on low gear on the entire route.

WILL HOLD REGULAR SERVICES ON SUNDAY

Rushville Ministerial Association Decides on This Course at Meeting

IS READY TO CO-OPERATE

The Rushville Ministerial Association today gave out the following: At a meeting of the ministerial association last evening at five o'clock, it was unanimously decided to proceed with all the regular services the coming Sabbath at all churches, unless adverse weather should make it necessary to recall such a plan tomorrow. The association desires to express a spirit of co-operation in all efforts to conserve fuel and if wise will be glad to unite in any or all services or to suspend them altogether, and if it be necessary thereafter during the cold season, will be glad to make some such plan.

But inasmuch as the churches were mainly closed last Sabbath and all the churches have fuel enough for this present Sabbath and the Sunday schools have been so seriously hindered throughout this fall and winter season it seems wise to have all the regular services for this coming time, whatever may be necessary in the future. Inasmuch as many things have interrupted the church and Sunday school services this year, the association urges that every one make a special effort to be present at the services this coming Sabbath and that they may not forget that the war can never be won unless the spirit of true patriotism is maintained by the spirit of Christianity.

AWAITS NAVY'S WORD

Milwaukee, Wis., Jan. 18.—The first semblance of a clash with the fuel administration over the orders developed today when Pres. Otto Falk of the Allis Chalmers Co., declared he would take no closing action until he heard from the navy department. The plant is making important naval equipment.

County News

Mauzy

The Rev. Wilbur Sullivan of Indianapolis will preach at Ben Davis church next Sunday morning and evening. Everyone is invited to attend the services.

Mrs. Mary Nicholas has returned to her home in Indianapolis after spending several days with her sister, Mrs. J. E. Winn.

Mr. and Mrs. Marshall Hinchman and Miss Margaret Hinchman have gone to Chicago for a few days visit.

Announcement of the marriage of Miss Elva Blackledge, daughter of Mr. and Mrs. Harvey Blackledge of Jacksonville, Florida and Carl Hunt of Indianapolis has been made.

The diphtheria quarantine has been lifted at the residence of A. C. Haskett in Mauzy.

The Glenwood C. W. B. M. auxiliary which was to be held at the home of Mrs. A. C. Haskett in February has been postponed until Tuesday, March 5.

Society

The regular meeting of the Yomo club was held yesterday afternoon at the home of Mrs. Claude Smith in North Sexton street. The guests spent a pleasant social afternoon with needlework after which the hostess served a two course luncheon. The guests included Mrs. John Nipp, Mrs. Amos Baxter, Mrs. Norman Crum, Mrs. Howard Ewbank, Mrs. Emmett Fegley and Mrs. Russell Barringer.

The next meeting will be held in two weeks at the home of Mrs. Norman Crum.

* * *

Honoring their fiftieth wedding anniversary Mr. and Mrs. Patrick Barrett entertained with a dinner party Wednesday at their home in East Tenth street. The guests included Mr. and Mrs. Ross Schrader and daughter Isabelle of this city, Mrs. Kate Nolan, Maurice Nolan and Mr. and Mrs. Edward Barrett of Indianapolis. An informal reception was given during the afternoon and evening.

This Man Can Eat Anything

Has Gained Three Pounds Since Tanlac Put Stomach Back in Shape.

"For months my stomach was so out of order that I dreaded to eat," said William Harrison, salesman employed by the Mertz-Cadle Sales Company, 448-450 North Capitol Avenue, Indianapolis, Ind.

"I always had such a burning feeling in my stomach after eating and I dreaded it," Mr. Harrison continued. "My stomach would get soured after eating, too, and a sour taste would come up in my mouth. It didn't make much difference what I ate, either. I always had the burning feeling in my stomach and the sour taste in my mouth afterward."

"I was getting thin and run down when I decided to try Tanlac. Well, sir, it seemed that Tanlac started helping me right away and since taking three bottles I don't have any trouble with my stomach at all. I can eat anything I want now without bad effects and in the last three weeks I've gained three pounds. I think Tanlac is fine for the stomach and I recommend it."

If you are not feeling right get Tanlac today at F. E. Wolcott's Adv.

Word has been received from Lieutenant and Mrs. Wendell Wilkie who were married here at the home of the bride's parents, Mr. and Mrs. Phil Wilk, on Monday, that they have reached Louisville safely. A wreck on a traction line held the train on which they were traveling for several hours just outside of Louisville, where they are making their home. A warm reception was awaiting the Lieutenant on his return to his regiment.

* * *

Mr. and Mrs. Will Trennepohl entertained at their home Wednesday evening with a pleasant informal card party at which they entertained Mr. and Mrs. Walter Easley, Mr. and Mrs. Fred Cochran, Mr. and Mrs. Frank Flint, Mr. and Mrs. John Worthington, Mr. and Mrs. Ed Beer and Mr. and Mrs. Edward Pitman.

* * *

Miss Hazel Stoops, daughter of Mr. and Mrs. David Stoops of North Morgan street and William R. Westerman of Connersville were married yesterday evening in Connersville where they will reside. Mr. Westerman is employed as bookkeeper at the city power plant there.

* * *

Miss Ruth Ashworth of Connersville, formerly of this city, has accepted a position as art instructor in the Thorntown public schools. She has been a student in the Heron Art Institute in Indianapolis.

* * *

Miss Margaret Donnan's class will meet Saturday afternoon at 2:30, with Mrs. Harrie Jones. Miss Donnan was unable to reach Rushville for the class meeting last Saturday.

SUPPORTS ADMINISTRATOR ON 5 DAY CLOSING ORDER

Continued From Page 1

portion of those now shut down would be working."

Garfield today personally took charge of the coaling of ships and many radical steps are under way, it was stated. A group of men has been selected to put into effect steps to be announced later.

"The shipping situation must be relieved first—and at all costs," the administration declared today.

"Ships have been held in ports for 60 days because of inability to fill their bunkers. Coal is lying along the Atlantic seaboard from Mobile and Boston 30 miles back of the port unable to get through the wall of congested freight."

WAR AEROPLANE WOULD BE USEFUL ABOUT FARM

Washington, Jan. 18.—The hardware going into a simple war type aeroplane is sufficient to:

Nail 2,163 shingles on a roof.

Screw down the coffin lid on a thousand Germans.

Veneer 57 square feet of dining room table.

Hang the kitchen with 65 pounds of aluminum.

Wire a third of a mile of three strand fence.

Spruce the porch for at least 244 square feet—and in addition, put 58 feet of pine on the chicken coop, 31 feet of ash on the dog house, and still have a few things left over such as 798 forgings and 921 steel stampings and turn buckles.

AMERICAN WOMEN FIGHT ARMY GROUCH

Began in Trenches And One of Worst Diseases France Had to Contend With

MRS. VANDERBILT DIRECTOR

Shattering French Morale of Wives and Children at Home as Well as Soldiers

By GEORGE MARTIN
(U. P. Staff Correspondent.)

Washington, Jan. 18.—The new Grouch Exterminators established behind the French front by American women under the direction of Mrs. Wm. K. Vanderbilt are a grand success according to cables received by the Red Cross.

The great Army Grouch was one of the worst diseases France had to contend with until America entered the war. It began with the soldiers in the trenches. They carried it home with them on leave, and it threatened to become a national affair.

That doesn't mean that the poilus were discouraged and ready to quit the war against Germany. It means simply that—

Well, you just choose some nice, cold, rainy batch of weather, go off forty miles from nowhere in it, pick you out a good, miserable mudhole, climb in, stay there two weeks and have somebody shoot guns at you. At the end of that time climb out and walk back that forty miles from nowhere, without food, without a chance to wash or change clothes, keep under a heavy rain and good stiff shellfire most of the way and see if you land home as fair as a lily and as sweet as a rose.

That's the kind of experience that engendered the great Army Grouch in France. It was shattering French morale not only among the soldiers but among their wives and children at home, to whom they communicated it.

So the American women established Grouch Exterminators on the way from forty miles from nowhere, in France. They call them canteens, but really they're Grouch Exterminators. And this is what today's cable said about them:

"The first of the line of Red Cross canteens for French troops traveling on leave, has just been opened."

"An average of 2,000 men daily have been given an opportunity of obtaining proper hot meals and a comfortable place for eating and recreation while awaiting change of trains. Arrangements for announcing the departure of trains has enabled between 300 and 400 men to catch a few hours of much needed rest in comfortable, clean quarters, without fear of oversleeping. Such quarters are provided for 600 men. Showers and wash basins are also provided. The pleasure and appreciation of all the men who pass through is most gratifying."

"Strangely enough the first visitors were a troop of Chasseurs who had been instructing our American troops, and on the same evening a large number of American engineers, leaving by a train at one o'clock in the morning, were given a warm welcome and send-off by our workers."

"Personnel consists of eighteen women who serve day and night. Soup, bread, meat, vegetables, salads, cheese, eggs, coffee, chocolate and tea gives an idea of the variety of menu served and an additional store offers canned goods, chocolate, fruit and tobacco for men to take for consumption on the train, as well as postcards and other small materials."

"To see men comfortably swapping stories over a cup of coffee, struggling over a game, or a puzzle, or chatting over the counter with our workers, convinces us that our first effort to divert the thoughts of the men from the excitement and

OFFICER AND BRIDE TENDERED RECEPTION

Band Plays and Whole 139th Artillery Turns Out When Lieut. and Mrs. Pearsey Arrive

A BIG FEED AT CAMP SHELBY

Reports from Camp Shelby indicate that the entire 139th regiment tendered an ovation to Lieutenant Hale Pearsey and his bride, formerly Miss Vira Clark daughter of Mr. and Mrs. C. G. Clark of this city when they visited the camp for the first time after their marriage.

Lieut. Pearsey who is one of the regimental dentists, attached to the 139th artillery infirmary, was married during a recent furlough which he spent in this city and on returning to the camp the popular young officer was greeted boisterously by the entire regiment.

When Lieut. and Mrs. Pearsey stepped from the machine at the regimental headquarters the band struck up a program of bridal airs and the entire regiment cheered and congratulated the honeymooners. It was a day of celebrating at the camp, especially among the members of the infirmary and the base hospital where Lieut. Pearsey is one of the most popular officers. The celebration ended with a banquet at which every battery in the regiment was represented.

Red Cross Notes

The surgical dressing class of the local Red Cross chapter has just completed a shipment of 1,703 pieces which they made in two weeks. The work of the local classes is being highly commented by the heads of the state surgical dressings work with which they turn out work and the excellent of the work when it arrives at the state headquarters.

The local Red Cross heads, however, are not satisfied with the number who belong to the classes. The classes are conducted every afternoon at the headquarters and on Wednesday evening and according to the local officials should have an attendance of at least twenty women at each class, in order to turn out the amount of work which the local organization is expected to do.

horrors of the trenches into quiet and relaxing channels has been successful."

This is the first of a series of canteens being constructed behind the firing lines for American and French troops by the American Red Cross. In addition to building rest stations along the railways, traveling canteens are planned for every corps in the French and American Armies.

Nearly one hundred American women have already gone to France as volunteers in this service. More will be accepted as needed. In addition many American women living in France have worked in this service.

TRABUE TURNS ATTENTION TO PROFITEERING IN COAL

Continued from Page 1.

would be closed five days, but by this interpretation of the order they may remain open except on Mondays.

Although Clark's flour mill is not closed by the five day order, because it is making a food in great demand, it has been closed down for several days because of a breakdown, which has been repaired. The mill had not been started again because it uses a gas engine for power and the owners did not want to draw on the gas supply while it was so low. Beginning next week, the mill will be run at night when domestic consumers are not using gas.

The Reynolds Manufacturing company does not come within the scope of the five day closing order because it produces fuel, an industry which is excepted in the restrictions.

Barber shops are included in the Monday holiday orders, the fuel administrator said, because they are not specially excluded.

51 REGISTRANTS

Up to This Morning 1101 Cases Are Disposed of More Than 1400 to Act On

391 IN CLASS ONE TO DATE

Several Agricultural Claims and Ap-peals Are Sent to District Board Today

The country army selection board classified fifty-one more registrants yesterday, bringing the total number of cases acted on up to this morning up to 1101 out of more than 1400 which will have to be disposed of.

Practically all of the question-nares have been returned. The few which are still out, with two or three exceptions, are accounted for. Some of the registrants have exten-sions of time and others are known to be in the service already.

Only three of the fifty-one classi-fied yesterday went into class one, making a total of 391 put in this class by the local board to date. Thirteen were put in class two, one in class three, thirty-two in class four and two in class five.

Like Being Hit By Rattle Snake

Says that every time you cut or pick at a corn you invite lockjaw

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts right out with the fingers, without one particle of pain. This freezone is a sticky substance which dries the moment it is applied and just loosens the corn without in-flaming or even irritating the surround-ing tissue or skin. He says a quarter of an ounce of freezone will cost very little at any of the drug stores, but this is sufficient to rid one's feet of every hard or soft corn or callus. You are positively warned that cut-ting or picking at a corn is a suicidal bit.

Amusements

Never before has such a collection of notable cow-boys appeared in a motion picture as is displayed in Douglas Fairbanks' new Artercraft picture, "The Man From Painted Post," at the Princess this evening. All the cow-boys appearing in this picture are winners of champion-ships in roping, riding, shooting and other Western sports. In addition to these experts are seven of the most fiery bucking bronchos used in the recent Frontier Meet at Chey-ene, Wyo. All of which promises some excitement for those who will view popular Douglas' new photo-play.

Jack Gardner in "Men of the Des-ert" and "A Contented Woman," an extra good comedy, will be the at-tractions tomorrow.

William Duncan and Carroll Holl-oway will be seen in "The Fighting Trail" at the Gem tonight and Sid-ney Drew will appear in "Jerry's Uncle's Namesake." There will also be a third picture, "Dr. La Flewis Theory," in which Maurice Costello and Clara Kimball Young have the leading parts. Another adventure of "Stingeree" and Billie Ritchie in "The House of Scandal" will be shown tomorrow.

With The Churches

—The services for the United Presbyterian church at Glenwood will be Sunday school at 1:30 and preaching at 2:15.

—Regular services will be held at the Main Street Christian church Sunday, with special educational day services at Sunday school at 9:15 and preaching services at 10:30 with the sermon by the Rev. Stanley Sellick.

—St. Paul's M. E. church, the Rev. Clyde S. Black, pastor: All the regular services of the Sabbath will be conducted as follows: Sunday school, 9:30 A. M.; Divine Worship, Thought on the Forgiveness of Sin." Junior League, 3 P. M.; Epworth League devotional service, 6 P. M.; Evening preaching service, at 7, sub-ject, "The Church's Need of Spiritu-al Power." All are cordially invit-ed.

—Services at the First Presby-terian church are: 7 a. m. Quiet Hour; 9:30 a. m., Bible school; 10:30 a. m. Divine worship; sermon by the pastor. 7 p. m., special patriotic music postponed from two weeks will be held with the presentation of the service flag.

—First Baptist church, C. J. Bun-nel pastor residence 612 North Mor-gan street, phone No. 1911: Sunday school, 9:30; public worship, 10:45 a. m. and 7:00 p. m.; subject for the morning sermon, "The Financing of the Kingdom;" theme for the evening sermon, "A Serpent in the Hedge." It is to be hoped that ev-eryone will make an effort to be in the Sunday services and if possible gain what was lost because of the weather conditions prevailing last Sunday.

MAY GO TO SUPREME COURT

Lower Court Affirmed By Appellate Court in Bickhart Case

It was the appellate court and not the supreme court, as announced the other day, which affirmed the deci-sion of the I. & C. traction company against C. J. Bickhart for posses-sion of the mill at the foot of Mor-gan street on the mill race. The I. & C. was granted possession of the property by the court's decision and the only recourse left for the defend-ent now is said to be to transfer the case to the supreme court.

DECLARES INDEPENDENCE

(By United Press.)
Stockholm, Jan. 18.—Turkentan has proclaimed independence as an economic separate republic allied with a "Russian confederation," according to word received here. A general congress has been appointed by the provisional government.

GERMAN MUTINY REPORTED

(By United Press.)
London, Jan. 18.—Dispatches printed today asserted that 38 offi-cers were recently killed in a mutiny of German navy forces at Kiel.

We Are Not Affected

At first we thought that our business would be closed during this five-day period, but we have been informed that we are not termed as a manufacturing plant.

GUARDING OUR LINES

Guarding our lines is like guarding our health—we must encourage the care of our bodies—train our organs for bodily endurance, efficiency and full achievement. It is not so much a necessity to fight disease as to cultivate health.

If we want to increase our chances for long life—Dr. Pierce, of the Surgical Institute, Buffalo, N. Y., says: "Keep the kidneys in good order. Try to eliminate through the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, obtain Anuric (double strength) for 60c at druggists, and exercise so you perspire—the skin helps to eliminate toxic poisons and uric acid."

For those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric at the drug store, or send Dr. V. M. Pierce, Buffalo, N. Y., 10c for trial pkg.

GOSHEN, IND.—"For many years I have been a great sufferer with kidney trouble and rheumatic pains through my hips, extending down into my knees. At times I would be so stiff I could not get up or down. I also had scalding very dark colored and there would always be a sediment in it. I also had difficulty in voiding. Quite recently I learned of Anuric. I have hardly taken one bottle. I am feeling much better in every way than I have for some time past. I am sure I have found the right medicine in Anuric."

SERVICE FLAGS HONOR SAMMIES

271 Stars in Service Flags in This City Alone and Many More Flags Over The County

HIGH SCHOOL MOST STARS

Flags Serve as Constant Reminder of Patriotic Members at Front And Carry Deep Meaning

Two hundred and seventy-one stars in service flags in this city honor Rushville's sons who have joined the colors. Practically every smaller town in the county has also raised one or more of the flags honoring the boys in that locality so it is safe to say that almost every one of the 300 boys who have gone from this county are represented by a blue star in one or more of the service flags. Some of the "Sammys," of course, belong to more than one of the organizations having the flags and have given each of them cause to add a star with pride to the white center of the service flag.

Pride and patriotism have marked each of the presentation services when the flags have been hung. The service flags hanging in prominent places in the halls of the organization serve not only as a constant reminder of the boys at the front but add a note of patriotic solemnity to the meetings held there. Rightly, are these organizations proud of the flags, not of the banners bordered in red and white the blue stars in a center of white, but proud of the men who these stars are representing.

The high school flag contains more than any of the others—sixty-five boys having gone to the front who at some time were high school students.

Take no chances on that little cold in the head

Dr. King's NEW Discovery for Coughs & Colds

may prevent a long serious illness—Take it with the first sign of fever, when your eyes water and when you begin to sneeze. There's a double advantage in this famous 50 year old remedy—it breaks up a cold and leaves no objectionable after effects. Just as easy on the stomach as it is pleasing to the palate. Use it for the severest case of gripe as well as for baby's colic. Your druggist sells it.

You're Bilious and Costive! Sick headache, Bad breath, Sour stomach, Furred tongue and Indigestion, Mean Liver and Bowels clogged. Get a bottle of Dr. King's New Life Pills to-day and eliminate fermenting, gassy foods and waste.

COUNTY CONFERENCES PRECEDE STATE MEET

Prohibitionists Hold Meetings Preliminary to State Gathering in April

SCHMIDT TOURING STATE

(By United Press.)

Indianapolis, Ind., Jan. 18—County conferences of Indiana prohibitionists opened this week with four meetings and it is the plan of the state central committee to have every county of the state before the state convention which will be held in this city on April 2 and 3.

State Chairman Raymond J. Schmidt is touring the state in the interest of the party and will attend the county conferences.

Meetings were held last week in Hancock, Rush, Fayette and Wayne counties.

Each county will be allowed a fixed representation, based on population at the state convention and delegates will be elected immediately.

The meeting in April will act on the question of whether or not the prohibitionist in Indiana will affiliate with the new national party now being formed.

The First Presbyterian church service flag contains 32 stars for that many young men who at some time have attended church or Sunday school there. That the patriotic purpose of the Knights of Pythias is felt by its members is proven by the presence of thirty stars in the service flags hanging in their hall.

Each of the churches has a flag. In addition to the one at the First Presbyterian church, the flag at the Catholic church contains twenty-two stars, the Methodist one twenty stars, the Baptist flag holds nine stars and the one at the United Presbyterian church the same number. The flag presented to the Young Men's Circle by the Loyal Daughters class of the Christian church contains nineteen stars, for that many young men who have left the one class.

All of the lodges, too, have a large flag hanging in the hall of their order. The Knights of Pythias, who have 30 stars, stand first in number and the remaining lodges having the flags are: the Modern Woodmen, 15; the Elks, 14; the Odd Fellows, 12; the Red Men, 13; the Knights of Columbus, 11.

Churches and schools over the entire county are honoring their soldiers in this way. A large community service flag has been hung at Millroy, there are flags at New Salem, Arlington, Glenwood, in fact at practically every gathering place in the county.

MISHAP ON U. S. S. MICHIGAN

(By United Press.)

Washington, Jan. 18.—Six men were killed and 3 injured when the foremast of the battleship Michigan toppled over during a gale at sea, Jan. 15, the navy department has announced.

TRAIN SERVICE IS IMPROVING SLOWLY

Continued From Page 1

through on all lines and cars of coal are being carried to cities where the shortage is also being felt. Some of the coal is that from very southern districts of the state. Coal, perishable food, and government supplies compose the majority of the shipping being done on the freight trains. Orders have been received by the railroads to give these products preference in order to relieve the situation.

A bulletin, such as has been unheard of in years, has been issued on the Chicago and Eastern Illinois, but one that might be expected under the conditions. All train and engine crews are requested to keep their heads and arms inside of the cabs, the cabooses and to stay off the sides of the cars while passing through the storm ridden country. The snow banks in places are as high as the tops of the cars and so close to the tracks that they will not clear a person. The banks are frozen and would severely injure if not kill a person.

A Great Change Enters Into Life Of Storekeeper

A certain unassuming gentleman in this city who happens to be a prominent dealer and who up to a few weeks ago had become a recluse because of his physical condition tells this remarkable and most interesting tale:

"For an unnumber of years," he said, "I have been so closely confined to my business working zealously to make my store representative in every respect that wear and tear finally got me, my face became drawn and haggard and my disposition seemed to urge people to evade me. It was then that I began to despise my own company. My bookkeeper who has been with me a long time one day suggested that I needed a rest and that my nerves required attention. She told me that her father had been in the state of health which I was experiencing and that he had taken Phosphated Iron. Look at him now," she said. "He works ten hours a day and appears to be the happiest man in the world which he believes he is, he says."

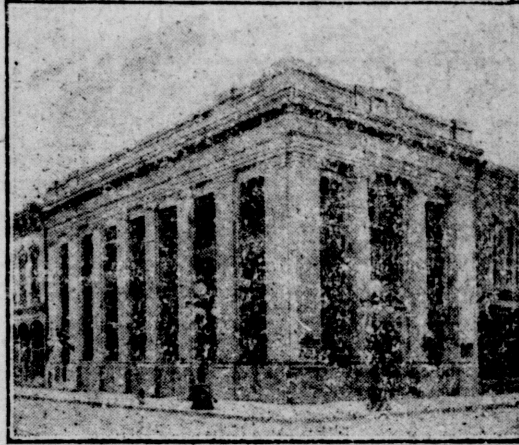

"All this happened less than a month ago. I followed the advice and look at me now. Back in the harness with a smile all the while. I am feeling more fit all the while. I am feeling more fit than ever. When I see a tired looking face the name of Phosphated Iron immediately comes in my mind. I am convinced that it is converting many a worn out body into a life rich in thought, ambition and enthusiasm."

Special Notice—To insure physicians and patients receiving the genuine Phosphated Iron we have put up in capsules only so do not allow dealers to substitute pills or tablets, insist on the genuine in capsules only. PITMAN & WILSON and leading Druggists Everywhere. Rushville, Ind.—(Adv.)

WILSON STANDS BEHIND GARFIELD

Supports Administrator On 5 Day Closing Order

It Is Stated Officially That It Will Not be Revoked
And Within Three Weeks People Will Accept
It As Having Been Necessary. Move Creates
"Unfortunate Situation," It Is Admitted.

WILL ASSUME DIFFERENT ASPECT

Coal Cars Stalled Along Tracks
While Great Fuel Needs Are
Suffered Will be Delivered

CONGESTION TO BE SMASHED

Violent Opposition Comes From
Manner of Accomplishing—
Line of Least Resistance

(By United Press.)

Sweeping Modification Of Closing Orders Are Made By Administrator

Washington, Jan. 18. —
Sweeping modification of the
suspension order issued by Fuel
Administrator Garfield last
night was made today.

Many exemptions of indus-
tries affected by the order were
announced, including 23 steel
plants and various forms of
business. The latter included:
grain elevators, potato and veg-
etable cold storage, all forms
of grain storage, grain and
seed, cereal products manufac-
turers, bakers, canners, milk
dealers, creameries, and all
other milk producing manufac-
turing, slaughter houses, ice
plants and refrigerators, whole-
sale commission and retail
trades, sugar manufacturers,
every sort of food handling or
manufacturing agencies and
binder twine companies.

State food administrators
are authorized to determine
what other industries are es-
sential to the uninterrupted
flow of food.

Washington, Jan. 18.—President
Wilson stands squarely behind Fuel
Administrator Garfield in enforce-
ment of his unprecedented suspen-
sion order effective today east of the
Mississippi. It stated officially that
the president will not revoke the or-
der and feels that within three weeks
the people of the country will accept
it as having been necessary. That
the move had created an "unfortu-
nate situation," is admitted, but that
things "will assume an entirely dif-
ferent aspect soon," is predicted.
The administration bases its hope
for this on the following:

Ships loaded with supplies will be
on the move, loaded coal cars stalled
along tracks while great fuel
needs are suffered at many points
will be delivered to their destination.

Freight congestion at all terminals
and ports will be smashed. The way
will be cleared for industry after
the period of suspension order has
passed to resume normal operation.

That this may prove true is ad-
mitted by all, but the violent oppo-
sition comes against the manner of
accomplishing these things. Lead-
ers in congress, many of them sup-
porters of the administration and
government officials, declare Garfield
"sought the path of least resistance"
and avoided a business-like plan.

They insist that an order could
have been issued providing that coal
should be withheld from industry
until ships were loaded with coal.
By this system, during the coal
shortage, the coal would be used
for the most essential needs of the
country.

New Salem Takes The Lead In Forming Of Wood Chopping Bees

New Salem has taken the
lead in organizing wood chop-
ping bees which will become
popular throughout the county
with the critical condition of
the fuel situation and with men
of local industrial establish-
ments out of employment be-
cause of the five day closing
order of the national fuel ad-
ministration.

New Salem men meet each
night and organize for the next
day's work. Forty men
chopped wood all day yesterday
in the vicinity of New Salem
and equally as many were at
work today.

Employees of Case's planing
mill organized today to chop
wood and it is presumed that
other men thrown out of em-
ployment temporarily will avail
themselves of the opportunity
not only to get some free fuel
but to help the situation by in-
creasing the supply of fuel.

Howard Ewbank has 25 acres
of timber on the Ewbank farm
northeast of the city which is
free for the cutting and haul-
ing. Anyone wishing to cut the
timber should call him. Dr. W.
S. Coleman also has offered
wood free for the cutting and
hauling.

Columbus, Ind., attorneys
have organized under Ralph
Spaughn, well known here, and
are cutting wood and paying
for the hauling of it. The wood
is turned over to the Red Cross
for needy families.

ORDER DISREGARDED IN KNOX COUNTY, IND.

Fuel Administrator Locks Instruc-
tions, Declaring He Will Not
Enforce Them

PLENTY OF COAL HE STATES

(By United Press.)

Vincennes, Ind., Jan. 18.—Every
factory and manufacturing plant in
Knox county was operating full
force today in opposition to the
orders issued by the federal fuel ad-
ministration.

J. H. Jones county fuel admin-
istrator declared that he would not
close the factories, locking up the
orders and following the action of
the United States senate yesterday
in asking Garfield to hold up the or-
der for five days.

Continued on Page 2.

Violators Responsible

To Federal Government

(By United Press.)

Indianapolis, Ind., Jan. 18.—"Any
one who violates the federal order

sponsible by the federal government.
The order from Washington is the

This was the comment of Edwin
Woolson, state fuel administrator, to
a question asked for Knox county
fuel administrator.

ONE SESSION DAY AT CITY SCHOOLS

Latest Fuel Conservation Measure
Decided Upon by School Board
at Meeting Yesterday.

FROM 8 O'CLOCK UNTIL 1:15

Plenty of Coal in Buildings But
Move is Made to Conserve Fuel
And Electric Lights.

To have one school session a day
and that session lengthened from
eight in the morning until 1:15 in the
afternoon, was the plan adopted by
the school board at the meeting last
evening as a fuel conservation mea-
sure. The move will conserve electric
light, coal and practically no time
will be lost. Coal will not be deliv-
ered to schools during this emergen-
cy and although a goodly supply is
on hands, the authorities are looking
into the future in making these
plans.

Three purposes are cited by Su-
perintendent J. H. Scholl in making
the change in schedule: To conserve
fuel; to conserve the health and ed-
ucation of the pupils; and to unite
in the effort to win the war.

Even though many of the homes
are not well heated during this
weather, the schools during the time
the pupils are there are well heated
and ventilated and the children are
insured of having an advantage in
this way. The pupils are urged by
the school authorities to use a part
of the afternoon in studying, to re-
tire early in order that they may rise
for a hearty breakfast, reach school
at the earlier opening hour and be
fully prepared for the longer session.
Parents as well as children are ury-
ed to co-operate in this emergency in
making the new move a success.

Continued on Page 2

TEMPERATURE IS 15 DEGREES LOWER

Big Drop in Mercury Last Night as
Compared to Night Before—
Farmers Brave Cold

MANY DRIVE TO CITY TODAY

Despite a drop of fifteen degrees
in the mercury today as compared
with the temperature reported yes-
terday by Elwood Kirkwood, county
weather observer, at Manzy, scores
of farmers visited the city and spent
most of the day here.

The hitchhacks were filled with
heavily blanketed horses and closed
buggies in the morning and at noon.
Machines had ventured out and had
successfully traversed the country
roads which had been in such bad
conditions earlier in the week.

At four o'clock this morning the
mercury stood at ten degrees below
which was fifteen degrees colder
than it registered yesterday at the
same time. At noon today the tem-
perature had climbed to seven
above, which was twelve degrees
lower than yesterday's temperature
at the same time.

With the weather predictions in-
dicating generally fair and contin-
ued cold, or tonight, Rush county
residents have not yet begun to
rumor of alluring the great
amount of coal stored in the city.

Two Trains Taken Off C. I. & W. Railroad By Asst. Director-General

The passenger train service
in this city is already feeling
the effects of the fuel measures
and by orders of the assistant
director-general of the rail-
roads two trains have already
been taken off the C. I. & W.
road through this city. The or-
der went into effect today.

The passenger train going
west at 10:51 a. m. and the
passenger east at 3:30 p. m.
have been taken off temporarily.
The railroad officials made it
plain in the order, however, that
the "curtailing of passenger
mileage during the partial in-
dustrial suspension" is only
temporary.

L. C. Snodgrass, local agent,
stated today that he expects
the trains to be discontinued for
only a short time. It may be
that they are a part of the five
day conservation order, but it
is also possible that they may
be discontinued for a few
weeks. Trains twelve and thir-
teen between Indianapolis and
Springfield are the only other
trains affected on that road in
this division.

TRAIN SERVICE IMPROVES SLOWLY

Schedules Resumed on Some Roads
And Only Partially on Others
Here

ONLY TWO CHICAGO TRAINS

Coal, Perishable Foods and Govern-
ment Supplies Rushed Through
on Freights

All of the railroad lines going
through Rushville have practically
recovered from the big storm of last
Friday and Saturday and have par-
tially if not completely resumed
their schedules, although many of
the trains are running late.

Tuesday was the first day that
railway conditions here were any-
thing like normal. On that day the
first Chicago train reached the city
for three days time. The Chicago
train schedule is still somewhat
modified. The only trains leaving
here for that city are those at 12
o'clock midnight and the 2:50 after-
noon train. The others have been
annulled because of the shortage of
engines on the Monon.

The trains which were formerly
Chicago bound go only as far as
Indianapolis now with the exception
of these two. The 10:50 morning
westbound train on the C. I. & W.
goes only to Indianapolis and the
eastbound 3:30 train starts at In-
dianapolis instead of Chicago. These
rules will be observed by the C. I. &
W. until January 22, or 23.

Before the blizzard, several trains
were taken off of the Big Four di-
vision going through this city leaving
only two trains, one each way daily.
These trains have resumed their
runs now and are running about on
time. The two freights passing here
at 9:52 a. m. have been running very
late. They also carry passenger
coaches.

All of the Pennsylvania trains are
running, although they are late,
varying in the lateness, some going
two and three hours behind time.
The storm has also affected the
traction line schedule. There is some
variance in the two hour local
schedules and some times the cars go
each way every four hours instead
of two. All of the freights have been
cleared of the tracks and are
running on time.

TRABUE TURNS ATTENTION TO PROFITEERING IN COAL

City Deserted Village After 5 in Evening

Shortly after five o'clock last
night the downtown district of
Rushville took on the appear-
ance of the proverbial deserted
village as the closing orders of
the fuel administration had gone
generally into effect.

The authorities had no trou-
ble in enforcing the rule and
shortly after five o'clock all of
the stores coming under the five
o'clock closing rule were dark,
in fact the entire town with the
exception of the picture shows
was in darkness after eight
o'clock when the barber shops
closed.

As far as the night life was
concerned it was the sort of an
occasion when the frequenters
of the town found they were all
dressed up with no place to go
so after taking in the situation
at a glance, there was nothing
for one to do but to surprise the
family circle by returning home
before midnight.

The pleasure of buying a
friend a cigar or a soda was
denied as the cigar stores and
candy kitchens were included in
the five o'clock ruling. Most of
the people rather enjoyed the
situation however, and there
was much laughing and joking
on the streets when closing hour
arrived.

Gatherings in the candy kit-
chens tried to forget the closing
hour and when the time arrived
"sat tight" and tried to order
drinks in a casual manner as if
they were attempting to make
the managers forget, for a while
at least, the order. The lights
were put out at once however
sending the "social gatherings"
hurrying into the street.

DYNAMITE IS FOUND IN A CATTLE BARN

Three Sticks With Fuses Attached
Discovered on Hill Bros. Farm
Near Carthage

BARELY MISSES STRAW HOOK

Three sticks of dynamite with
fuses attached were discovered a
few days ago in the cattle barn on
the Hill brothers farm in Ripley
township, northeast of Carthage,
where Frank Hensley resides.

The dynamite was discovered by
Mr. Hensley and Emerson Hartwell
who also resides in that vicinity, as
they were removing a quantity of
baled straw from the barn. The
straw hook which they were using to
separate the bales missed the ex-
plosive only a few inches.

Mr. Hensley was unable to give
an explanation for the presence of
the dynamite in the loft. It is be-
lieved, however, that it was stored
there only temporarily by outside
parties.

RUSS PROPOSAL DENIED

London, Jan. 18.—Messages re-
ceived from Berlin asserted that the
central powers peace delegates at
Brest-Litovsk had notified the Rus-
sians that the Russian proposal for
a negotiated armistice from the
fronts was rejected.

County Fuel Administrator Finds
Man Who Paid 16 Cents a Hun-
dred and Sold it For 50

PRACTICE MUST BE STOPPED

Any Others Violating Law in This
Manner Will be Prosecuted—
Four Cars of Coal Today

IS STILL A HEAVY DEMAND

Uncertainty About Closing Orders
Cleared by State Administra-
tion Interpretation

With profiteering by drivers haul-
ing coal to families in distress, dis-
posed of, S. L. Trabue, county fuel
administrator, today turned his at-
tention to profiteering of individuals
who take advantage of the present
emergency to buy coal and sell it in
small lots at a large profit.

A case of this sort was called to
his attention. A Jersey City man
bought 500 pounds of coal out of
the twenty tons confiscated from the
city, for 16 cents a hundred pounds
and sold it to neighbors in Jersey
City for 50 cents a hundred, thus
making a profit of 34 cents a hun-
dred pounds. He sold 400 pounds of
what he bought.

The matter was reported to the
Daily Republican and it was refer-
red to the fuel administrator. Mr.
Trabue issued a summons for the
man selling the coal to appear yes-
terday, but he did not show up until
this morning. Mr. Trabue explained
that his act was a violation of the
Lever act, which might be punished
by a fine of \$5,000 and imprisonment
on proof of guilt. The man evident-
ly unwittingly violated the law and
he was allowed to go without
charges being preferred.

"I do not propose," said the fuel
administrator today, "that anyone
shall take advantage of this emer-
gency for personal gain."

Which means that anyone else
violating the law will be summarily
dealt with. Violations of this law
go before the United States district
court in Indianapolis. The fuel ad-
ministrator yesterday fixed a sche-
dule of maximum prices for hauling
coal and made it plain there would
be prosecutions if they were vio-
lated.

There were four cars of coal being
unloaded in Rushville today. Two
were received by J. P. Frazee, one
by Will Trennepohl and one by the
Pimell-Tompkins company. This
company sold a part of the load to
domestic consumers because the
plant is idle due to the five day clos-
ing order.

"It will take five or six more cars
to relieve the domestic consumers,"
the fuel administrator said today,
just when it was thought the most
of the demand from householders
was supplied. The difficulty lies in
the fact that the weather continues
so cold consumers soon burn the
small amount they get and have to
return for more. The fuel admin-
istrator's orders were that sales still
be restricted to 1,000 pounds.

The county fuel administrator has
taken up with the state fuel admin-
istration the question of the indus-
tries closed by the order of the na-
tional fuel administration, and has
been informed that laundries and
dry cleaning establishments are to
be regarded as industries that are
not to be closed. The administrator
has taken up with the state fuel ad-
ministrator the question of the in-
dustries closed by the order of the na-
tional fuel administration, and has
been informed that laundries and
dry cleaning establishments are to
be regarded as industries that are
not to be closed. The administrator
has taken up with the state fuel ad-
ministrator the question of the in-
dustries closed by the order of the na-
tional fuel administration, and has
been informed that laundries and
dry cleaning establishments are to
be regarded as industries that are
not to be closed.

PUBLIC SALE

I, the undersigned, will sell at public auction, at my residence, six miles
south of Rushville, five miles northeast of Milroy, four miles southwest of
New Salem, on what is known as the George Hasty farm, on

THURSDAY, JANUARY 24, 1918,
SALE TO COMMENCE AT 10:00 A. M.

One Span of Coming Yearling Mules
1 Coming 3-Year-Old General Purpose Gelding

25—Head of Shorthorn Cattle 25

Consisting of 4 head of fresh Shorthorn cows, with calves at side; two
heavy springing Shorthorn cows, due by date of sale; 1 Shorthorn cow,
due to be fresh later. The above named cows are, we think, as good a
bunch of Shorthorn milch cows as you will have an opportunity to buy—
the kind that will improve your stock. 10 head of coming yearling Short-
horn and Black Poll Angus heifers, an extra nice bunch; 5 head of coming
yearling steers.

9 Head of Jersey Cattle 9

Two fresh Jersey cows and two that will be fresh by date of sale; 3 head
of bred Jersey heifers, and two head of calves.

ONE SHORTHORN BULL, old enough for service,

53 Head of Hogs 53

Three head of brood sows, due to farrow in March; 50 head of early Fall
shots, weighing 60 pounds or better.

1500 BUSHELS CORN IN CRIB—To be sold in lots to suit purchaser.

30 BUSHELS OF EXTRA NICE YELLOW DENT SEED CORN that has
been put up in good shape and out of the freeze.

MISCELLANEOUS ARTICLES—Consisting of one break cart, 1 carriage
and a few other articles.

TERMS OF SALE—On all sums of \$10.00 dollars and under cash on day of
sale; on above that amount, a credit without interest until September 1,
1918, will be given, purchaser to execute note that meets with the approval
of the clerk. A discount of 4% will be given for cash. Positively nothing
to be removed until terms are complied with.

SALE WILL BE HELD UNDER TENT REGARDLESS OF WEATHER.

CHARLES HASTY

MILLER & COMPTON, Auctioneers. EDGAR THOMAS, Clerk.

LUNCH SERVED AT NOON.

PUBLIC SALE

The undersigned will sell at Public Auction, at the Smalley Livery Barn,
on East Second street, Rushville, Indiana, on

MILLER & COMPTON, Auctioneers.

PAUL ROOT PICKED FOR TRAINING CAMP

One of Three to Pass Examination
For Officers Course at Camp
Lee, Virginia

HE FORMERLY RESIDED HERE

The honor which has come to Paul
Root, son of Mr. and Mrs. W. D.
Root formerly of this city and now
of Piqua, Ohio, is of interest to his
friends here. Shortly after enlisting
in an ambulance corps, he was made
sergeant of his company and recently
he was chosen as one of the five
men of his company who were as-
signed to take officers' training at
Camp Lee, Virginia. Of the five men
who were assigned, three passed the
physical examination, Sergeant Root
being one of the men.

He enlisted in the service several
months ago and is making rapid
strides in army life. First he was
stationed at Columbus, Ohio, then at
Fort Oglethorpe, Georgia and now
at Camp Lee, where he is with Com-
pany 1 of the officers' training camp.

CENTRAL COMMITTEE TO PICK NEW MEMBERS

Republicans Will Name Two New
Committeemen to Succeed Mem-
bers Who Have Resigned

ONE CONSCRIPTION AGENT

(By United Press.)

Indianapolis, Ind., Jan. 18.—The
republican state central committee
will have two new members within a
few weeks, it was announced today.
The men will be elected to succeed
Robert Blatzell, Princeton, who is
now a major and serving as state
conscription officer and W. A.
Roach of Delphi, who has assumed
the office of secretary of state, suc-
ceeding Ed Jackson.

Blatzell was the member of the
committee from the first district and
Roach represented the ninth.

Frank Wilson, a banker of Evans-
ville will probably be given the
job which Blatzell formerly held.
John S. Shanklin of Frankfort is
mentioned as a successor for Roach.

ORDER IS DISREGARDED IN KNOX COUNTY, IND.

Continued From Page 1

Jones is president of the National
Rolling mills which were operating
as usual.

"We have plenty of coal here and
I see no reason why we should not
continue," he said.

Among the plants in operation
were: Blackford Glass Co., Vincennes
bridge works and the Marsh
Manufacturing company.

FUEL ORDER FOLLOWED GENERALLY IN STATE

Knox County is Only Exception
Where Industries Are Not
Closed, It is Reported.

AMUSEMENT ORDER HELD UP

(By United Press.)

Indianapolis, Ind., Jan. 18.—Gen-
eral compliance with the fuel ad-
ministration orders, closing factories
was reported from over Indiana to-
day with the exception of Knox.
Few companies will pay the men for
the time.

The Muncie Gear Co., employing
500 men, announced that their em-
ployees' wages would go on as usual.

Closing orders for saloons, the-
aters, bowling alleys and the like were
rescinded today following protests
of business men.

BATTLE IN STREETS

Petrograd, Jan. 18.—A battle in
the streets of Odessa on Tuesday
with casualties was reported in dis-
patches received here. The leader
of the red guard was said to have
been mortally wounded. The battle-
ship Sinyon opened fire on the rebels.
Large detachments did not make sit-
ing camp in the city. Ukrainians held
the city and other important
points.

COMPANIES AUSTRIAN TROOPS ORDERED SHOT

Petrograd Reports Say This is Pun-
ishment For Sympathizing With
Russ Socialists.

DISAFFECTION AMONG HUNS

(By United Press.)

Petrograd, Jan. 18.—Full com-
panies of Austrian troops have been
ordered shot for sympathizing with
Russian socialists, according to re-
ports reaching here.

Many units on the Italian front
have been ordered executed for re-
fusing to obey officers.

Disaffection against the military
masters is spreading among German
troops also.

ENGLISH MUST RECRUIT

London, Jan. 18.—The Russian
withdrawal from the war released
1,600,000 Germans for use on the
western front, according to Brig.
Gen. Geddes, minister of national
service in a statement to house of
commons.

"It is necessary for Briton to re-
cruit forthwith 450,000 men from
civil life," the minister added. "It
has been decided not to introduce
compulsory service into Ireland."

Watch Your Kidneys

Inhaling the fumes of turpentine
and white lead often weakens the
kidneys. That's one reason why so
many painters have bad backs and
sick kidneys. Exposure and fre-
quent colds and chills help start the
trouble.

If your back aches, if sharp pains
strike you in the backs when stoop-
ing, lifting or working; if you have
headaches, dizziness, rheumatic
pains; if the urine is discolored or
passages painful and scanty, try
Doan's Kidney Pills, the remedy so
widely used and so well recom-
mended by men in the painting trade.
Here's Rushville testimony:

Charley Walker, 1023 N. Arthur
St. says: "I work where a lot of
turpentine is used and the fumes got
my kidneys out of order. My back
gave me the most trouble and was
up and lame and stiff. The kidney
secretions were too frequent in pas-
sage and highly colored. I decided
to try Doan's Kidney Pills and got a
box at Phipps and Wilson's Drug
Store. They surely helped me and
gave me quick relief. I have a lot
of faith in Doan's Kidney Pills and
shall use them again if I need a
kidney medicine."

Price 50c a box. Get Doan's
Pills at any drug store. If you
suffer for a kidney remedy
get Doan's Kidney Pills, the same
that Mr. Walker used for his
trouble.

CHILDREN NEED FOOD—NOT ALCOHOL

How careless it is to accept alcoholic medicine for
children when everybody knows that their whole health
and growth depends upon correct **nourishment**. If
your children are pale, listless, underweight or puny, they
absolutely need this special, concentrated food that only

SCOTT'S EMULSION

gives, to improve their nutrition and repair waste caused by
youthful activity. During school term all children should
be given **Scott's Emulsion** because it benefits their
blood, sharpens their appetite and rebuilds their
strength by sheer force of its great nourishing power.

MAY LIMIT USE OF OIL
Congress Urged to Take Drastic Measures During War

(By United Press.)
Washington, Jan. 16.—Congress may take drastic steps to restrict the use of motor cars during the war to conserve oil.
Senator Kenyon, member of the committee investigating fuel, declared the use of pleasure cars during the war should not be allowed. Great Britain has found it cannot keep its motor cars going and at the same time fill the oil needs of its navy, he said, adding that, unlike the condition in this country, automobiles are never seen in front of theatres in London and other cities.

JOHN B. McCARTY DIES AT HOME HERE TODAY

After Stroke of Paralysis Passes Away at Age of 72 Years—Five Children and Widow Survive

FUNERAL BY REV. L. E. BROWN

After a short illness, John B. McCarty died at his home in West Tenth street this morning. Mr. McCarty had suffered from a severe stroke of paralysis yesterday morning and had been in a critical condition since that time. He would have been 72 years of age in April. Mr. McCarty was born in Warrington. Twenty-two years ago he moved to the family homestead in this county where he lived until 12 years ago when he moved to this city. He was a member of the Christian church.
He is survived by a widow, three sons, Greely P. McCarty of this city, Ithamer McCarty of northeast of the city, Carl McCarty of Dunreith, two daughters, Mrs. Ida Brooks of Greenfield, and Mrs. Pearl Bell of this city, one brother, Benjamin McCarty of Washington, and two sisters, Mrs. Nancy Wisheart, and Mrs. Sallie Richmond. The funeral services will be conducted on Sunday afternoon at 2 o'clock by the Rev. L. E. Brown of Connersville.
Friends may call at the residence after noon Saturday to view the remains.

Days Pickings

Rue Mahin has filed a claim against the estate of Nancy A. Mahin in circuit court for \$510.50.
The meeting of the Mahoning Council, number 36, which was to have been held this evening has been postponed on account of the fuel shortage.
Miss Alma Green has accepted a position as assistant librarian at the public library in the absence of Mrs. Wendell Wilkie, formerly Miss Edith Wilk.
Frank Dixon is somewhat improved today after having suffered what was believed to be a slight stroke of paralysis, yesterday. He is still quite ill.
Oran M. Gray of Co. C, 334th, infantry, stationed at Camp Taylor, Louisville, has been transferred to the finance department of the quartermaster corps.
The funeral services of Frank Stiffler will be conducted at the late residence in South Pearl street on Sunday afternoon at 2 o'clock, the Rev. C. S. Black officiating.
A marriage license has been issued to Miss Hazel Stoops, daughter of Mr. and Mrs. David H. Stoops of this city and William R. Westerman, a bookkeeper of Connersville.
A patron of a New Salem rural route writes that Charles Wamsley is the only rural mail carrier in the county who delivered his mail every

day during the cold weather. He drove a horse all the time.
Two valuable Belgian hare rabbits were taken from Ed Gantner's home last night and their return is urgently requested. They were in a box back of his house and evidently did not stray away, but were taken.
On hearing the petition of Philandier Witters that Perry Innis be released as his guardian, Judge Sparks has ruled in circuit court that Witters is a person of sound mind and the guardian is ordered to make a final report by January 23.
Lieutenant Edwin Watson, son of Senator and Mrs. James E. Watson, who has been stationed recently with the 45th regular infantry at Camp Taylor, Ky., has been transferred to the aviation section of the signal corps and is now on his way to Portland, Oregon where he will be in training, according to word received here today. Lieut. Watson was first at Fort Leavenworth, Kan., and later sent to Camp Taylor.

has quoted Dr. P. P. Claxton, U. S. Commissioner of Education who said: "The best patriotism consists in the best education for all of the children, now as never before. If we are to learn from the example of the other nations at war, we will see to it that there is no interruption whatsoever in the provision for education."
It is very fortunate that the schools have plenty of coal on hands. This is due to the fact that the buildings were supplied with fuel early last season.

—Ora Bundy has returned to the training camp at Petersburg, Va., after a short visit with his parents, Mr. and Mrs. Amassa Bundy, who live in the northern part of the county. Mr. Bundy is attending the officers training camp for engineers.

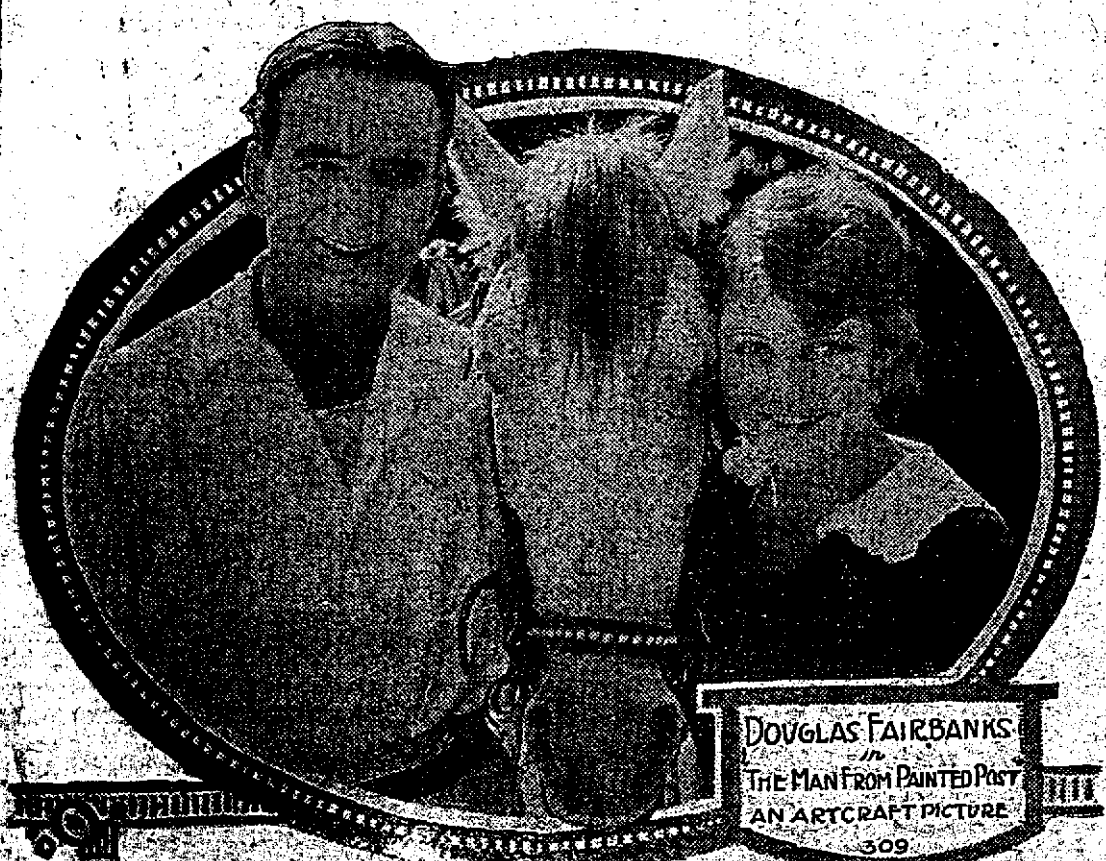

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostril Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils, and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen membrane and you get instant relief.
"Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing, no more headache, dizziness or struggling for breath. Ely's Cream Balm is just what sufferers from head-colds and catarrhs need. It's a delight."

ONE SESSION A DAY AT THE CITY SCHOOLS

Continued From Page 1
The school authorities point out, in urging the pupils to attend all sessions, that if they were home there is very little work that can be done, but they should make the most of the present opportunities so that they can plan for active agricultural and gardening work in the summer.
Superintendent Scholl, in speaking of the situation and the willing cooperation of the schools in the crisis

Don't Send Soldiers Food

For the sake of conserving food and contributing to the health of enlisted men, the war department and the Council of National Defense are appealing to civilians to desist from the wasteful practice of sending food to men in training camps. The Indiana State Council of Defense, in this connection, is asked to give publicity to the following resolution adopted by the Council of National Defense, on the subject:

"The Council of National Defense desires to inform the people of the country that abundant food is supplied to the soldiers and sailors in the camps and cantonments, and that the sending of food to these men by their friends and families is not in any respect necessary; that the aggregate quantity of food thus privately sent is enormous, and that much of it, having been conveyed long distances in heated express or mail cars, is more or less spoiled, and consequently injurious to the health of the men. Therefore, in the interest of the conservation of food and also the health of the men, the Council of National Defense requests the public to discontinue the sending of foodstuffs to the camps."

Fuel Prices Held Down

The coal situation in Indiana during the last week has been such as suggests the wisdom of having a federal fuel administration. It is generally conceded, in Indianapolis, that when the blizzard was at its worst, if there had been no restraints on the coal industry, retail coal would have sold at from twenty to twenty-five dollars a ton. There would have been the wildest bidding for coal and the scant supply, instead of being allotted in such a way as meets the real needs, would have been grabbed by the fellow who had the most money.

Under the fuel administration not only was there no increase in the price of coal, but the supply was distributed according to the real needs of the homes. Again, if it had not been for the fuel administration and its power to divert coal in an emergency, one of the largest utilities in Indianapolis would have had to close down just when the city needed it the most.

The blizzard in Indiana proves to be the most convincing argument in favor of government regulation of the coal industry in a time of stress.

Charles Eisenman, chairman of the supply committee of the Council of National Defense, intimates that he will resign that position "as soon as it is consistent with due regard to the safety of the nation." If that is the only consideration, Mr. Eisenman need not stand upon the order of his going, but may go at once. The nation managed to get on fairly well before Mr. Eisenman became chairman of the supply committee and before he gave his impudent testimony before the Senate committee on military affairs. The nation probably will exist even if he should resign instantly.

Germany's chief occupation these days is conquering the Russian nation.

HOPES TO BE KNOWN AS COUNTY CORN KING

Twenty Stocks From 20 Grains of Seed Corn Planted in His Office His Record

PLANTED THREE WEEKS AGO

Twenty stalks from twenty grains of seed corn is a record which George Young is enjoying and by which he secretly hopes to be proclaimed corn king of Rush county when harvest time rolls around next summer.

True, some of the stalks are only eight inches high while others are just beginning to peep through the soil but nevertheless, Mr. Young declares this is sufficient proof of the excellent quality of corn from which the seed test was made. The tips of green at present are in Mr. Young's law office where he planted them three weeks ago in a cigar box.

SCHOOL STUDENTS IN EXCELLENT HEALTH

Cold Weather and Lack of Fuel Has Failed to Injure Health of Younger Population

EXTRA AMOUNT OF WORK

The cold weather and the lack of fuel in many homes of the city has failed to injure in any manner the health of the younger population of the city, at least.

The school authorities report a better attendance now than at any time during the school year, and state also that the health of the students as a whole has apparently never been better. The extra amount of work thrust on the pupils in an endeavor to get the time which was lost during the diphtheria epidemic made up, is carried easily and the officials believe that the main reason for this is the excellent physical condition of the students.

WOOD ON FARMS OFFERED

Dr. W. S. Coleman and Howard Ewbank Have Timber to Give Away

Howard Ewbank reports that he has plenty of wood on his farm northeast of the city which may be had for the cutting and hauling. He has twenty-five acres of timber to clear, enough to supply every home in Rushville with fuel.

Dr. W. S. Coleman also has timber on his farm which he will give away for the cutting and hauling. Persons wanting the wood for fuel may call either of these men and make arrangements to get it.

NATIVE OF COUNTRY IS DEAD

Mrs. Elizabeth Ruddell Expires at Her Home in Kokomo

Mrs. Elizabeth Ruddell, age 92, years, a native of this county, is dead at her home in Kokomo. She was born in this county September 13, 1825. Mrs. Ruddell had been a resident of Kokomo thirty-five years and was the widow of George Ruddell, for many years a business man at Wabash, Ind. Of four children born to her, Richard Ruddell, president of the Citizens National bank of Kokomo, is the only one surviving.

Effective Horse Power

Perhaps you don't know that your horse is losing a large per cent of his power through poor harness. It's a fact though. Broken harness often causes runaways, and they often result fatally to the driver or animal. We have employed BOB WILLIAMSON, who is an expert harness man in every respect and can take care of any kind of repairing on your harness that is necessary. Harness is going to be higher and we would advise you to bring in your old harness and have it repaired and oiled at once.

OLDEST RURAL CARRIER QUILTS

George Aultman, Last G. A. R. Man in the Service, Resigns After 18 Years in Harness

SERVES UNDER 5 POSTMASTER

Roads Are Still in Bad Condition and Carriers Undergo Many Hardships

George T. Aultman, who has been engaged at the local postoffice longer than any other employee and who claims to be the last G. A. R. man in the rural route service, has resigned his position here, the resignation to go into effect immediately. He had been in the service for 18 years and 5 months, having during that time been assigned to three different routes. Recently, he has gone north-west of the city, before that time he went southwest and he started on the west rural route. Mr. Aultman served under five postmasters, Ad Spivey, Homer Havens, Ben McFarlan, Charles Frazee and G. P. Hunt.

John Hiner holds the honor of having been in the service for the longest period of any employee next to Mr. Aultman. He has served there fourteen years. Roll Richey is temporarily filling the vacancy made by Mr. Aultman, the appointment for the position to be announced later. Mr. Aultman has given efficient service during the 18 years which he has served the government.

Conditions on the roads are worse now than they have been during any of the time that Mr. Aultman has served, he states. Yesterday it took him 7 hours to make their routes when usually, they can be covered in the hours time. Snow banks as high as eight feet impair the roads.

Near the John Beale farm north-west of the city, a narrow passage-way has been cut through an eight-foot bank to allow machines and biggies to pass through. The snow is so deep on all of the roads that most of the rural route men yesterday had to run their machines on low gear on the entire route.

WILL HOLD REGULAR SERVICES ON SUNDAY

Rushville Ministerial Association Decides on This Course at Meeting

IS READY TO CO-OPERATE

The Rushville Ministerial association today gave out the following: At a meeting of the ministerial association last evening at five o'clock, it was unanimously decided to proceed with all the regular services the coming Sabbath at all churches, unless adverse weather should make it necessary to recall such a plan tomorrow. The association desires to express a spirit of co-operation in all efforts to conserve fuel and if wise will be glad to unite in any or all services or to suspend them altogether, and if it be necessary thereafter during the cold season, will be glad to make some such plan.

But inasmuch as the churches were mainly closed last Sabbath and all the churches have fuel enough for this present Sabbath and the Sunday schools have been so seriously hindered throughout this fall and winter season it seems wise to have all the regular services for this coming time, whatever may be necessary in the future. Inasmuch as many things have interrupted the church and Sunday school services this year, the association urges that every one make a special effort to be present at the services this coming Sabbath and that they may not forget that the war can never be won unless the spirit of true patriotism is maintained by the spirit of Christianity.

AWAITS MAY'S WORD

Miss Alice May, Jan. 18. The first remittance of money from the federal government for the cold season has been received by the city of Rushville. The money was received from the U. S. Treasury Department and is for the use of the city of Rushville. The money was received from the U. S. Treasury Department and is for the use of the city of Rushville.

County News

Mauzy

The Rev. Wilbur Sullivan of Indianapolis will preach at Ben Davis church next Sunday morning and evening. Everyone is invited to attend the services.

Mrs. Mary Nicholas has returned to her home in Indianapolis after spending several days with her sister, Mrs. J. E. Winn.

Mr. and Mrs. Marshall Hinchman and Miss Margaret Hinchman have gone to Chicago for a few days visit.

Announcement of the marriage of Miss Elva Blackledge, daughter of Mr. and Mrs. Harvey Blackledge of Jacksonville, Florida and Carl Hunt of Indianapolis has been made.

The diphtheria quarantine has been lifted at the residence of A. C. Haskett in Mauzy.

The Glenwood C. W. B. M. auxiliary which was to be held at the home of Mrs. A. C. Haskett in February has been postponed until Tuesday, March 5.

TRUSTEE'S ANNUAL REPORT.

Township trustee's annual report to the Advisory Board of Orange township, Rush county, Indiana, showing receipts, disbursements and balances of all township revenues for the year ending December 31, 1917.

Society

The regular meeting of the Yomo Club was held yesterday afternoon at the home of Mrs. Claude Smith in North Sexton street. The guests spent a pleasant social afternoon with needlework after which the hostess served a two course luncheon. The guests included Mrs. John Nipp, Mrs. Amos Baxter, Mrs. Norman Crum, Mrs. Howard Ewbank, Mrs. Emmett Pegley and Mrs. Russell Barringer.

The next meeting will be held in two weeks at the home of Mrs. Norman Crum.

Honoring their fiftieth wedding anniversary Mr. and Mrs. Patrick Barrett entertained with a dinner party Wednesday at their home in East Tenth street. The guests included Mr. and Mrs. Ross Schrader and daughter Isabelle of this city, Mrs. Kate Nolan, Maurice Nolan and Mr. and Mrs. Edward Barrett of Indianapolis. An informal reception was given during the afternoon and evening.

This Man Can Eat Anything

Has Gained Three Pounds Since Tanlac Put Stomach Back in Shape.

"For months my stomach was so out of order that I dreaded to eat," said William Harrison, salesman employed by the Mertz-Cadle Sales Company, 448-450 North Capitol Avenue, Indianapolis, Ind.

"I always had such a burning feeling in my stomach after eating and I dreaded it," Mr. Harrison continued. "My stomach would get soiled after eating, too, and a sour taste would come up in my mouth. It didn't make much difference what I ate, either. I always had the burning feeling in my stomach and the sour taste in my mouth afterward."

"I was getting thin and run down when I decided to try Tanlac. Well, sir, it seemed that Tanlac started helping me right away and since taking three bottles I don't have any trouble with my stomach at all. I can eat anything I want now without bad effects and in the last three weeks I've gained three pounds. I think Tanlac is fine for the stomach and I recommend it."

If you are not feeling right get Tanlac today at F. E. Wolcott's Adv.

Word has been received from Lieutenant and Mrs. Wendell Wilkie who were married here at the home of the bride's parents, Mr. and Mrs. Phil Wilk, on Monday, that they have reached Louisville safely. A wreck on a traction line held the train on which they were traveling for several hours just outside of Louisville, where they are making their home. A warm reception was awaiting the Lieutenant on his return to his regiment.

Mr. and Mrs. Will Tremmepohl entertained at their home Wednesday evening with a pleasant informal card party at which they entertained Mr. and Mrs. Walter Easley, Mr. and Mrs. Fred Cochran, Mr. and Mrs. Frank Flint, Mr. and Mrs. John Worthington, Mr. and Mrs. Ed Beer and Mr. and Mrs. Edward Pitman.

Miss Hazel Stoops, daughter of Mr. and Mrs. David Stoops of North Morgan street and William R. Westerman of Connersville were married yesterday evening in Connersville where they will reside. Mr. Westerman is employed as bookkeeper at the city power plant there.

Miss Ruth Ashworth of Connersville, formerly of this city, has accepted a position as art instructor in the Thorntown public schools. She has been a student in the Heron Art Institute in Indianapolis.

Miss Margaret Donnan's class will meet Saturday afternoon at 2:30, with Mrs. Harrie Jones. Miss Donnan was unable to reach Rushville for the class meeting last Saturday.

SUPPORTS ADMINISTRATOR ON 5 DAY CLOSING ORDER

Continued From Page 1

portion of those now shut down would be working."

Garfield today personally took charge of the coding of ships and many radical steps are under way, it was stated. A group of men has been selected to put into effect steps to be announced later.

"The shipping situation must be relieved first—and at all costs," the administration declared today.

"Ships have been held in ports for 60 days because of inability to fill their bunkers. Coal is lying along the Atlantic seaboard from Mobile and Boston 30 miles back of the port unable to get through the wall of congested freight."

WAR AEROPLANE WOULD BE USEFUL ABOUT FARM

Washington, Jan. 18.—The hardware going into a simple war type aeroplane is sufficient to:

Nail 2,163 shingles on a roof.

Screw down the coffin lid on a thousand Germans.

Veneer 57 square feet of dining room table.

Hang the kitchen with 65 pounds of aluminum.

Wire a third of a mile of three strand fence.

Spruce the porch for at least 244 square feet—and in addition, put 58 feet of pine on the chicken coop, 31 feet of ash on the dog house, and still have a few things left over such as 798 forgings and 921 steel stampings and turn buckles.

AMERICAN WOMEN FIGHT ARMY GROUCH

Began in Trenches And One of Worst Diseases France Had to Contend With

MRS. VANDERBILT DIRECTOR

Shattering French Morale of Wives and Children at Home as Well as Soldiers

By GEORGE MARTIN
(U. P. Staff Correspondent.)

Washington, Jan. 18.—The new Grouch Exterminators established behind the French front by American women under the direction of Mrs. Wm. K. Vanderbilt are a grand success according to cables received by the Red Cross.

The great Army Grouch was one of the worst diseases France had to contend with until America entered the war. It began with the soldiers in the trenches. They carried it home with them on leave, and it threatened to become a national affair.

That doesn't mean that the poils were discouraged and ready to quit the war against Germany. It means simply that—

Well, you just choose some nice, cold, rainy batch of weather, go off forty miles from nowhere in it, pick you out a good, miserable mudhole, climb in, stay there two weeks and have somebody shoot guns at you. At the end of that time climb out and walk back that forty miles from nowhere, without food, without a chance to wash or change clothes, keep under a heavy rain and good stiff shellfire most of the way and see if you land home as fair as a lily and as sweet as a rose.

That's the kind of experience that engendered the great Army Grouch in France. It was shattering French morale not only among the soldiers but among their wives and children at home, to whom they communicated it.

So the American women established Grouch Exterminators on the way from forty miles from nowhere, in France. They call them canteens, but really they're Grouch Exterminators. And this is what today's cable said about them:

"The first of the line of Red Cross canteens for French troops traveling on leave, has just been opened."

"An average of 2,000 men daily have been given an opportunity of obtaining proper hot meals and a comfortable place for eating and recreation while awaiting change of trains. Arrangements for announcing the departure of trains has enabled between 300 and 400 men to catch a few hours of much needed rest in comfortable, clean quarters, without fear of oversleeping. Such quarters are provided for 600 men. Showers and wash basins are also provided. The pleasure and appreciation of all the men who pass through is most gratifying."

"Strangely enough the first visitors were a troop of Chasseurs who had been instructing our American troops, and on the same evening a large number of American engineers, leaving by a train at one o'clock in the morning, were given a warm welcome and send-off by our workers."

"Personnel consists of eighteen women who serve day and night. Soup, bread, meat, vegetables, salads, cheese, eggs, coffee, chocolate and tea gives an idea of the variety of menu served and an additional store offers canned goods, chocolate, fruit and tobacco for men to take for consumption on the train, as well as postcards and other small materials."

"To see men comfortably swapping stories over a cup of coffee, struggling over a game, or a puzzle, or chatting over the counter with our workers, convinces us that our first effort to divert the thoughts of the men from the excitement and

OFFICER AND BRIDE TENDERED RECEPTION

Band Plays and Whole 139th Artillery Turns Out When Lieut. and Mrs. Pearsey Arrive

A BIG FEED AT CAMP SHELBY

Reports from Camp Shelby indicate that the entire 139th regiment tendered an ovation to Lieutenant Halse Pearsey and his bride, formerly Miss Vera Clark daughter of Mr. and Mrs. C. G. Clark of this city when they visited the camp for the first time after their marriage.

Lieut. Pearsey who is one of the regimental dentists, attached to the 139th artillery infirmiry, was married during a recent furlough which he spent in this city and on returning to the camp the popular young officer was greeted boisterously by the entire regiment.

When Lieut. and Mrs. Pearsey stepped from the machine at the regimental headquarters, the band struck up a program of bridal airs and the entire regiment cheered and congratulated the honeymooners. It was a day of celebrating at the camp, especially among the members of the infirmiry and the base hospital where Lieut. Pearsey is one of the most popular officers. The celebration ended with a banquet at which every battery in the regiment was represented.

Red Cross Notes

The surgical dressing class of the local Red Cross chapter has just completed a shipment of 1,703 pieces which they made in two weeks. The work of the local classes is being highly commented by the heads of the state surgical dressings work with which they turn out work and the excellent of the work when it arrives at the state headquarters.

The local Red Cross heads, however, are not satisfied with the number who belong to the classes. The classes are conducted every afternoon at the headquarters and on Wednesday evening and according to the local officials should have an attendance of at least twenty women at each class, in order to turn out the amount of work which the local organization is expected to do.

horrors of the trenches into quiet and relaxing channels has been successful."

This is the first of a series of canteens being constructed behind the firing lines for American and French troops by the American Red Cross. In addition to building rest stations along the railways, traveling canteens are planned for every corps in the French and American armies.

Nearly one hundred American women have already gone to France as volunteers in this service. More will be accepted as needed. In addition many American women living in France have worked in this service.

TRABUE TURNS ATTENTION TO PROFITEERING IN COAL

Continued From Page 1

would be closed five days, but by this interpretation of the order they may remain open except on Mondays.

Although Clark's flour mill is not closed by the five day order, because it is making a food in great demand, it has been closed down for several days because of a breakdown, which has been repaired. The mill had not been started again because it uses a gas engine for power and the owners did not want to draw on the gas supply while it was so low. Beginning next week the mill will be run at night when domestic consumers are not using gas.

The Reynolds Manufacturing company does not come within the scope of the five day closing order because it produces fuel, an industry which is excepted in the restrictions.

Barber shops are included in the Monday holiday orders, the fuel administrator said, because they are not specially excluded.

GUARDING OUR LINES

Guarding our lines is like guarding our health—we must encourage the fire of our bodies—train our organs for bodily endurance, efficiency and full achievement. It is not so much a necessity to fight disease as to cultivate health.

If we want to increase our chances for long life—Dr. Pierce, of the Surgical Institute, Buffalo, N. Y., says: "Keep the kidneys in good order. Try to eliminate through the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water. Obtain Anuric (double strength) for 60c at druggists, and exercise so you perspire—the skin helps to eliminate toxic poisons and uric acid."

For those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric at the drug store, or send Dr. V. M. Pierce, Buffalo, N. Y., 10c for trial pkg.

GOSHEN, IND.—"For many years I have been a great sufferer with kidney

trouble and rheumatic pains through my hips, extending down into my knees. At times I would be so stiff I could not get up or down. I also had scalding very dark colored and there would always be a sediment in it. I also had difficulty in voiding. Quite recently I learned of Anuric. I have hardly taken one bottle. I am feeling much better in every way than I have for some time past. I am sure I have found the right medicine in Anuric."

WILLIAM HARKER, 416 North Fifth St.

WATCHING FOR SUBMARINES FROM BRIDGE OF DESTROYER

SERVICE FLAGS HONOR SAMMIES

271 Stars in Service Flags in This City Alone and Many More Flags Over The County

HIGH SCHOOL MOST STARS

Flags Serve as Constant Reminder of Patriotic Members at Front And Carry Deep Meaning

Two hundred and seventy-one stars in service flags in this city honor Rushville's sons who have joined the colors. Practically every smaller town in the county has also raised one or more of the flags honoring the boys in that locality so it is safe to say that almost every one of the 300 boys who have gone from this county are represented by a blue star in one or more of the service flags. Some of the "Sammies," of course, belong to more than one of the organizations having the flags and have given each of them cause to add a star with pride to the white center of the service flag.

Pride and patriotism have marked each of the presentation services when the flags have been hung. The service flags hanging in prominent places in the halls of the organization serve not only as a constant reminder of the boys at the front but add a note of patriotic solemnity to the meetings held there. Rightly, are these organizations proud of the flags, not of the banners bordered in red and white the blue stars in a center of white, but proud of the men who these stars are representing.

The high school flag contains more than any of the others—sixty-five boys having gone to the front who at some time were high school students.

Take no chances on that little cold in the head

Dr. King's Discovery
for Coughs & Colds

may prevent a long serious illness—Take it with the first sign of fever, when your eyes water and when you begin to sneeze. There's a double advantage in this famous 50 year old remedy—it breaks up a cold and leaves no objectionable after effects. Just as easy on the stomach as it is pleasing to the palate. Use it for the severest case of grippe as well as for later's colds. Your druggist sells it.

You're Bilious and Cestive!

Sick headache, Bad breath, Sour stomach, Furred tongue and Indigestion, Measly Liver and Bowels clogged. Get a bottle of Dr. King's New Life Pills to-day and eliminate fermenting, gassy foods and waste.

COUNTY CONFERENCES PRECEDE STATE MEET

Prohibitionists Hold Meetings Preliminary to State Gathering in April

SCHMIDT TOURING STATE

(By United Press.)

Indianapolis, Ind., Jan. 18—County conferences of Indiana prohibitionists opened this week with four meetings and it is the plan of the state central committee to have every county of the state before the state convention which will be held in this city on April 2 and 3.

State Chairman Raymond J. Schmidt is touring the state in the interest of the party and will attend the county conferences.

Meetings were held last week in Hancock, Rush, Fayette and Wayne counties.

Each county will be allowed a fixed representation, based on population at the state convention and delegates will be elected immediately.

The meeting in April will act on the question of whether or not the prohibitionist in Indiana will affiliate with the new national party now being formed.

dents. The First Presbyterian church service flag contains 32 stars for that many young men who at some time have attended church or Sunday school there. That the patriotic purpose of the Knights of Pythias is felt by its members is proven by the presence of thirty stars in the service flags hanging in their hall.

Each of the churches has a flag. In addition to the one at the First Presbyterian church, the flag at the Catholic church contains twenty-two stars; the Methodist one twenty stars; the Baptist flag holds nine stars and the one at the United Presbyterian church the same number. The flag presented to the Young Men's Circle by the Loyal Daughters class of the Christian church contains nineteen stars, for that many young men who have left the one class.

All of the lodges, too, have a large flag hanging in the hall of their order. The Knights of Pythias, who have 30 stars, stand first in number and the remaining lodges having the flags are: The Modern Woodmen, 15; the Elks, 14; the Odd Fellows, 12; the Red Men, 13; the Knights of Columbus, 11.

Churches and schools over the entire county are honoring their soldiers in this way. A large community service flag has been hung at Milroy, there are flags at New Salem, Lexington, Glenwood, in fact at practically every gathering place in the county.

MICHAP ON U. S. S. MICHIGAN

(By United Press.)
Washington, Jan. 18—Six men were killed and wounded when the destroyer of the battleship Michigan toppled over during a race at sea. An all-navy department has announced.

TRAIN SERVICE IS IMPROVING SLOWLY

Continued From Page 1

through on all lines and cars of coal are being carried to cities where the shortage is also being felt. Some of the coal is that from very southern districts of the state. Coal, perishable food, and government supplies compose the majority of the shipping being done on the freight trains. Orders have been received by the railroads to give these products preference in order to relieve the situation.

A bulletin, such as has been unheard of in years, has been issued on the Chicago and Eastern Illinois, but one that might be expected under the conditions. All train and engine crews are requested to keep their heads and arms inside of the cabs, the cabooses and to stay off the sides of the cars while passing through the storm ridden country. The snow banks in places are as high as the tops of the cars and so close to the tracks that they will not clear a person. The banks are frozen and would severely injure if not kill a person.

A Great Change Enters Into Life Of Storekeeper

A certain unassuming gentleman in this city who happens to be a prominent dealer and who up to a few weeks ago had become a recluse because of his physical condition tells this remarkable and most interesting tale.

"For an number of years," he said, "I have been so closely confined to my business working zealously to make my store representative in every respect that wear and tear finally got me, my face became drawn and haggard and my disposition seemed to urge people to evade me. It was then that I began to despise my own company. My bookkeeper who has been with me a long time one day suggested that I needed a rest and that my nerves required attention. She told me that her father had been in the state of health which I was experiencing and that he had taken Phosphated Iron. Look at him now," she said. "He works ten hours a day and appears to be the happiest man in the world which he believes he is," he says."

"All this happened less than a month ago. I followed the advice and look at me now. Back in the harness with a smile all the while. I am feeling more fit all the while. I am feeling more fit than ever. When I see a tired looking face the name of Phosphated Iron immediately comes in my mind. I am convinced that it is converting many a worn out body into a life rich in thought, ambition and enthusiasm."

Special Notice—To insure physicians and patients receiving the genuine Phosphated Iron we have put up in capsules only so do not allow dealers to substitute pills or tablets. Look on the genuine in capsules only. MITMAN & WILSON and leading druggists carry them. Rushville, Ind. (A-1)

She joined our

CHRISTMAS BANKING CLUB
